

The Bandini Foundation

Proudly Advancing A 130 Year Mission

The Bandini Family has supported Veterans health & well-being for over 130 years; beginning with the donation of 525 acres to establish the first National Soldiers Home west of the Rocky Mountains in 1888 - and continuing to this day as stewards of the West Los Angeles Veterans Administration's Heroes Golf Course on that land.

The Bandini Foundation Heroes Golf Course is a center of physical fitness, recreation, and Mind & Body work for Veterans recovering from physical and mental illnesses such as PTSD.

Heroes also offers the first jobs program in the United States designed to train veterans, especially homeless vets, in Golf Course maintenance and management. After successful completion of training, our veterans are offered job placement opportunities with our partner courses located throughout Southern California.

Serving veterans is who we are, and what we do. Please help us serve those who served for us by supporting or playing at the

Inaugural Charity Tournament

at the renowned beautiful private
Saticoy Golf Course.

The Saticoy Country Club is rated as one of the Top 100 courses in the USA and considered one of the most acclaimed and challenging private golf courses.
