# WHAT WE DO

In this season we believe that though our men are head of household they need a helpmate, according to the book of Genesis. Therefore, our organization is established to sharpen the skills of our women so they will effectively work alongside their men-husbands. They will ultimately become strong in their role and be one with their husbands so that children will be raised with strength and balance. So we are here to help strengthen love, security and unity in the family, which will be extended to business, job and the wider community .

## OUR FUTURE PLAN

Impact has a bright future ahead. We are getting ready to move into the ultimate vision that God gave us for many years. Our intention is to build a facility that provides all our services which includes our benevolence program among others. As it's in the infant stage, we continue in prayer in order for God our father who is the owner of this project to release His plans to us. We will need continued investors in the form of donations in order to help us accomplish our goals . ### Testimonials

Over 15 years ago I was introduced to Rev Dr Margaret Smith, the President and founder of Impact Covenant ministries, a women's organization that cares for the Emotional, Spiritual and physical needs of hurting women. I was going through the early stages of a divorce and felt loss as I was experiencing a loss and needed help to heal from this traumatic experience. Dr Smith provided guidance through Christian Counseling and empowerment programs that helped me find my happy and comfort place as well as helping me in managing my thoughts and emotions. Today my life has been transformed. I am now an ordained minister and a support to young people and a mentor to hurting women through Impact Covenant Ministries. I am also empowered to minister in my local Church. I thank God for allowing Dr Smith to be a Mentor in my life and now the life of my Daughter. God bless you Rev. Smith

Over 3 years ago I was introduced to Dr Margaret Smith, President and Founder of Impact Covenant Ministries, a women's resource and empowerment organization that cares for women, emotionally, spiritual and physically.

I was at a point in my life where I struggled emotionally as a result of relationship challenges. I needed support and a sense of being centered. Dr Smith created a safe space for me to pour my deepest discomforts and discouragements in order to experience healing. She shared that, in the process of healing, things sometimes gets worse before it gets better. She counseled with me and today I feel much more empowered in my gifts and ability to coach and empower others. I highly recommend Dr Margaret Smith to you through which you will experience a safe, confidential and nonjudgmental environment.

In 2002 I was at a place in my life where I needed, from a female perspective, more Spiritual and emotional support. I encountered Rev Dr Smith through my local church. She took me under her "wings" and became a spiritual mother, a mentor and an amazing nonjudgmental confidant and support to me. She counseled and taught me to use my voice in various vulnerable situation; spiritually and emotionally. Today I attribute most of my achievements and successes to her kind, gentle and loving support and tutelage. I now possess the highest degree in spiritual leadership which includes a Doctor of Divinity degree, among a list of certifications. I fully recommend Rev Dr Margaret Smith and Impact Covenant Ministries services and programs for your counseling and empowerment needs.

Rev Dr Smith and I met over 16 years ago through my local church. I was at a place in my life here in the US, where I was experiencing circumstances that was becoming overwhelming and discouraging, but thanks be to God for the day this "breath of fresh air" in the person of Rev Dr Margaret Smith, president/founder of Impact came into my life. She became my sounding board, my safe space and lighthouse secured in God that pointed me in directions I needed to shift my trajectory of life's journey, especially here in America. She became my spiritual counsel, my mentor and a constant in my life. Today I am an ordained Minister as a result. God is truly using her to empower and transform the lives of women. So I highly recommend her ministry and service to the community and the world.
