

Name Song Tips

First we are going to make sure our little one knows their ABC's and also can recognize their letters. This is a Major Bonus!

Next convince our little one that spelling their name is his/her idea! Let them know how great their song is and how it's all theirs.

IMPORTANT We must make it routine as brushing our teeth!
*Wake up Morning song
*Bedtime song &
*Any other time you can fit it in throughout the day!

NEVER Force our little one to sing the song! It's suppose to be FUN! We do not want them to think learning to spell their name is punishment.

Have FUN! Make videos, who doesn't love the camera these days?. Allow our little one to re-watch the video so they can see themselves singing and spelling their name.

Now off to Pre-k our little one is ready to show off his/her name!
YAY we Did it!
