Dear Member,

It has come to my attention that some members have recently been contacting the Union's attorneys, Therefore:

This is to inform you that the Official Policy regarding all communication with the NABET Local 31 Legal Counsel. It is prohibited for any member to call, visit the office of, or correspond by letter/email with our attorneys.

While we understand that you may have been involved with our Legal Counsel during negotiations or litigation, you cannot have direct communications with them without the approval from the Local's President or his/her designee.

To clarify the Union's position/policy, if you should have an issue or situation that you believe needs the attention of our attorneys, you should contact the Union office, in which your case will be addressed, and it will be determined whether it merits the attention of our attorney's involvement.

In solidarity
