

Bring Educational Theater to Your Community

Use theater to entertain, educate and empower older adults to embrace a positive view of aging.

With each Licensed Play Kit's engaging, relatable stories, you can spark discussion, inspire change and build meaningful connections that last beyond each performance.

Roll Out the Red Carpet for Seniors!

Use flexible performance options in our Play Kits to spotlight safety topics at different times throughout the year and on annual days of recognition for fraud and fall prevention.

3 DIFFERENT ACTIVITIES CAN BE HOSTED FROM YOUR KIT

1 Screening Event

Pop the popcorn and pour the drinks! Create group engagement around the topic of your choice by hosting a viewing of a SAGES Play with Purpose. Lead open discussion on key points and offer prizes for feedback.

2 Script Reading

Bring your seniors into the story! Allow them to become the characters and read the script for an audience of their peers. Encourage them to have FUN while sharing real life experiences and brainstorming ideas for positive change.

3 Full Production

Reach out to local theater groups or use your own in-house talent to bring the story to life on stage and allow your seniors the full theatrical experience. Invite residents, families, and the public to enjoy the show and give feedback!
