

Hobsons Bay Yacht Club 2022-23 MENTEE NOMINATION FORM

This program is offered to new sailors who have undertaken training at HBYC so they can gain more experience by joining the crew of a regularly raced boat. This opportunity will enable new sailors to develop skills, gain experience and ultimately become a valued crew member on any keelboat.

The Mentee program is an informal extension of the training provided by HBYC Boating Academy and is open to any new sailor who has completed both the Start Crewing and Start Helming courses.

Your commitment as a Mentee would be to agree to participate in a series of events over an agreed period with your nominated boat skipper / Mentor.

Skippers as mentors are providing this opportunity, so mentees should agree to respect this commitment.

Fundamental to the success of a mentoring relationship is the appropriateness of the match between Mentors and Mentees. This form is designed to assess your objectives for the program and gather the information required for the matching process.

Please take the time to provide as much relevant information as you can to help us match you with the most suitable mentor/skipper.

Please complete this application and email to racing@hbyc.org.au
