- The inside of the jaws come standard with rubber lining to protect the load while in use.
- Comes complete with flush faced couplers, spring hose mount and wiring harness.
- Can be adapted to fit mini-excavators, wheel loaders, telehandlers and backhoes. *

Product Description and Applications

The EZ Spot UR Rock and Tree Hand is the ultimate multi-tool that is ideal for landscapers, nurseries, farm and ranch use and anywhere you need to move rocks or trees. The Rock and Tree Hand allows the operator to easily pick up large landscaping rocks and trees and place them with precision. The one man operation saves you time, money and labor and helps you get the job done faster and easier.

The Rock and Tree Handler is designed to handle large rocks and trees and opens wide to 41.5 inches and closes down to 5.0 inches giving you the ability to handle a variety of different sizes of rocks and trees. The rubber lined jaws will prevent damage while still confidently securing the load. The Rock and Tree Hand will allow you more versatility than you ever thought possible and give you the ability to place rocks and trees in places you never imagined. Save time, money and labor with the EZ Spot UR Rock and Tree Hand.
