ATTACHMENTS EZ-0015 FORKS TOOL HEAD

KEY FEATURES

Attaches to a skid steer or any other machine equipped with the Universal Quick Tach mounting system.

Forks will rotate 127 degrees to the operator's left when attached to an EZ Spot UR Double Cylinder Rotating Base.

6000 lbs rated lift capacity.

Available in 42", 48", or 60" fork length.

EQUIPMENT SPECIFICATION

Comes complete with flush faced couplers, spring hose mount, and wiring harness.

Can be adapted to fit a mini excavator, wheel loader, telehandler, and backhoe.

PRODUCT DESCRIPTION AND APPLICATIONS

Turn your skid steer, track loader, wheel loader, mini excavator, or any other machine into a hard-working forklift with the EZ Spot UR Rotating Forks Tool. The Rotating Forks Tool attaches to any machine turning your machine into a versatile multi-tool. This attachment can handle loads up to 6000 pounds and can be used with an EZ Spot UR rotating or non-rotating base.

The EZ Spot UR Rotating Forks Tool makes it easy to move and stack pallets or load and unload an EZ Spot UR Stackable Container. By placing EZ Spot UR Stackable containers near your jobsite you can quickly and easily clean up with your machine and a Rotating Forks Tool. The EZ Spot UR Rotating Forks Tool will save you time and money and allow you to get more use out of your machine.
