

EZ-0005 Utility Claw

Key Features

- Attaches to a skid steer, track loader or any other machine that is equipped with the Universal Quick Tach' mounting system.
- Rotates 127 degrees to the operators left when attached to an EZ Spot UR Double Cylinder Rotating Base.
- Can also be attached to an EZ Spot UR Fixed Non-Rotating Base.
- Jaws will open to 12 inches and close completely down to 0.
- Composed of Grade 50 material or higher to withstand years of wear and tear.

Equipment Specification

- One 2x3.5 inch hydraulic clamp cylinder confidently opens and closes the jaws of the attachment while ensuring a solid grip throughout. The cylinder has a breakout force of 9,425 lbs.
- The inside of the jaws are made out of treadplate for slip resistance.
- Comes complete with flush faced couplers, spring hose mount and wiring harness.
- Can be adapted to fit mini-excavators, wheel loaders, telehandlers, and backhoes. *

Product Description and Applications

The EZ Spot UR Utility Claw is a versatile attachment. It is ideal for farm and ranching. The following are common uses for the utility claw:

- Pulling T-Posts
- Small fencing jobs
- Small tree removal
- Removing debris
- Setting and removing rail ties

The EZ Spot UR Utility Claw will allow you more versatility than you ever thought possible and give you the ability to move materials that were not possible with other attachments. Save time, money, and labor with the EZ Spot UR Utility Claw.

* Requires specialty bolt-on mount.
