

GEORGIA MOUNTAIN CHAPTER

Military Officers Association of America

April 15, 2023

Dear 2023 Georgia Military Officers Association Conference Advertiser,

The Georgia Mountain Chapter of the Military Officers Association of America (MOAA) will host the 64th Annual State Conference of the Georgia Council of MOAA Chapters from September 28 through October 1, 2023. Attending the conference will be many current, retired, and former commissioned officers of all USA uniformed services from all over Georgia and their spouses. Most of the attendees will be from local areas in North Georgia. Throughout the conference, we will highlight the University of North Georgia and the Military College of Georgia and its outstanding Corps of Cadets, as well as the beautiful City of Dahlonega.

As the President of the Chapter hosting the Conference, it is my great pleasure to ask you to be part of our Conference by purchasing space in our program to advertise your business.. We expect over 120 attendees who will see and be influenced by your chosen advertisement. You may choose to highlight selected products and services and their availability, or to pay tribute to any or all parts of the uniformed services of the United States, or both. Although our national organization is comprised of 350,000 members who must have held a commission in any of our country's uniformed services, MOAA's highly successful advocacy mission supports all ranks of all services. Its national emphasis is on ensuring that all those who served receive all the care and benefits that they have so justly earned.

Please see the attached advertising price list and all the other information you will need to purchase program space and to submit your computer/photo ready advertisement.

Thank you most sincerely,

Theodore (Ted) G. Chopin Jr.
Colonel, US Army, Retired
President
