- Actively campaigning
- Social Media presence
- Current Campaign Website

Running for public office

Some do it because they see a job that must be done and genuinely want to serve and make a difference for the good of the community

- LEGACY and RESPONSIBILITY

Some do it because they seek power, prestige and a career in political office

- CAREER POLITICIAN and PERSONAL GAIN

Some do it reluctantly, to right wrongs and fight injustice

- CITIZEN REPRESENTATIVES

Each candidate will introduce themselves and tell us why they want to serve us as our Harris County Judge

Republican
Candidates for
this office:

Rep - County Judge

Rep - Juez del Condado

H.Q. Bolanos

George Harry Zoes

Alexandra del Moral Mealer

Vidal Martinez

Robert Dorris

Randy Kubosh

Martina Lemond Dixon

Oscar Gonzales

Warren A. Howell

What is the job of Harris County Judge:

Generally, the job is an administrative function in chairing Harris County Commissioners Court and setting the agenda where each of 4 districts are represented and includes:

- **Adopting a budget**
- **Setting tax rates**
- **Calling for bond elections**
- **Building and maintaining county infrastructure such as roads and bridges**
- **Overseeing county courthouses, jails, libraries, parks, dept of education and the Harris County Flood Control District**
- **Presiding over the Harris County office of Homeland Security and Emergency Management**

Vidal Martinez

Attorney and Houston businessman

Houston Port Authority Board

Methodist Hospital Board

Greater Houston Partnership board member (past)

Chairman of the Board of Directors of the State Bar of Texas (past)

University of Houston Regent

University of Houston law school grad Distinguished Alumni

appointed by former Texas Governor Bill Clements to the University of Houston Board of Regents and also served as Vice-Chairman

Assistant U.S. Attorney in Houston with the Civil Division of the Department of Justice among other notable achievements

Vidal and his wife Debbie have two adult married children and 3 grandchildren

Randy Kubosh

Petroleum Engineer (retired)
Bail Bonding Company (family business) owner
Lifelong Houstonian and courageous fighter for
liberty winning the Court decision to have red light
cameras removed

Won Supreme Court decision in favor of Houston
voters to not have their votes invalidated by any
court judge

Fought for and won decisions invalidating ridiculous
city ordinances that made it illegal to feed human
beings and SCOTUS decision to protect free speech

Warren Howell

71 year Harris County resident

50 years of practical business experience owning and managing companies in: Construction, Real Estate Development, Oil Field Tubulars, Manufacturing Metal Roofing, Risk Management (Risk Management Inc.), Safety and Insurance (Employers Risk Insurance)

Warren has been married for 45 years, has 2 adult children and 4 grandchildren

Orlando Sanchez, former Harris County Treasurer
– a question about commitment to financial
transparency & reducing debt bond load

Mary Nan Huffman, Houston City Councilwoman,
legal counsel for the Police officers' union

1) – a question regarding strategic county
commitment of resources to cooperative sharing
between 70 police forces around Harris County to
best manage this crime spree to an end.

2)The number homeless is soaring in Harris County. Tent cities, living in abandoned houses/buildings, under overpasses urban and rural, parks, esplanades, etc...; the problem is actually an epidemic, a real one.

Drug usage, prostitution, human trafficking, and disease are a very real and growing problems. This relatively unmanaged population is a source of crime in all areas.

What can you as County Judge do to responsibly rid our county of this problem and ongoingly manage it?

3) The Harris County Toll Roads were established during the construction of the Beltway 8 system over a 20-year period.

A popular former County Judge even ran on the promise of eliminating toll fees once the Beltway project was paid off, but did not, rather, Commissioners Court increased the tolls.

Our toll roads are our nicest and best maintained roads in the greater Houston area.

Many Harris County Residents have insisted this issue be addressed as more toll roads are being built and toll fees continue to increase. Will you seek to end it and if so, how?

4) This is a Republican Primary Race to select the best candidate for the Republican Party.

However, some of the candidates that have entered the Republican Primary have voted for Democrats according to public record and have donated to Democrats.

The voters of Harris County want to know why you did so. They also want to know if you'll do it again.

Please look at the Harris County voting public and address this once and for all so that voters can make a choice with which they can be confident.

5) Houston's epicenter is now at I-10 and Highway 6 with inland prairies and marshes replaced by suburbs and concrete all the way to Sealy.

Many Harris County residents are asking "When will the real causation of the Harris County's Flooding issues be addressed with the Army Corp of Engineers, State of Texas and Federal Government?"

Specifically, comprehensive multi-county inland prairie flood control systems to the west and north rather than stop gap, uncoordinated efforts, band aids that have proven too little too late and a massive waste of our tax dollars.

6) Mandates crushed small businesses in Texas and Lina enforced the Fauci plan pitting business owners against their customers and employees.

10,000 Texas small businesses were permanently closed and 3.1 Million Texans (10%) lost their jobs or were on some form of socialism or aid as a result of County imposed lock downs, mandates and stay at home orders.

Yet, not a single mandate proved fruitful to stop anything but small business.

Did you enforce these mandates in your business or workplace? How do you plan to handle the Covid "control the masses" program or others like it that may come in the future?

7) Harris County historically administered its elections through the elected office of tax assessor collector & registrar of voters in conjunction with the elected county clerks office. Now, HCCC has hired an elections administrator rather than having an official elected by the public as the highest authority in the county to administer elections.

ELECTION CODE TITLE 3. ELECTION OFFICERS AND OBSERVERS

CHAPTER 31. OFFICERS TO ADMINISTER ELECTIONS

SUBCHAPTER B. COUNTY ELECTIONS ADMINISTRATOR

Sec. 31.031. CREATION OF POSITION. *(a) The commissioners court by written order may create the position of county elections administrator for the county.*

This administrator is beholden to the majority of the Harris County Commissioners Court rather than hired by Harris County Voters and responsible to them for their continued employment, their job.

What is your plan?

8) Harris County election integrity has come into question, especially during the last election cycle.

The Texas Court of Appeals stopped the forensic audit request by the Texas State Attorney General Ken Paxton's office citing that TSAG did not have the authority unless:

- 1) Governor's office issued an Executive Order for investigation
- 2) State Legislature Legislated him to investigate
- 3) County District Attorney invited the TSAG to investigate

As Harris County Judge, would you provide total and complete transparency and forensic reporting automatically on all elections to confirm to Harris County Voters that their vote actually counts each and every election thereby restoring their confidence?

9) Harris County Dept of Education seems to be a catch all that picks up pieces of the education puzzle not currently managed by ISD's, Colleges and administered through the TEA like head start, after school programs, some libraries and some adult education programs.

What is the biggest problem to solve for the Harris County Department of Education?

10) Many area Hospital Systems lost staff numbers due to self administered vax mandates.

Doctors, PA's & nurses, a precious essential resource to Harris County is its best-in-class Texas Medical Center and our many hospital systems county wide.

Oddly, during a pandemic, some big medical hospital systems took a hard line on employee policy in line with Harris County Judge Lina Hidalgo forcing mandates as a requirement of employment and actually fired large numbers of essential medical staff.

Other private hospitals, private care facilities and private treatment centers did not follow that strict standard. What policy would you put forward as Harris County Judge regarding hospital staff and mandates?

Valoree Swanson, Texas State Rep 150 District

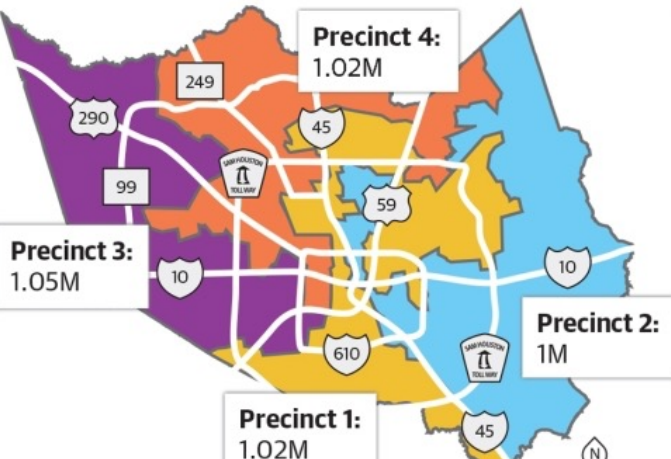

– a question addressing the Harris county commissioners court redistricting map and it being appropriately drawn with geographic resources sharing and not political voter mapping.

TRADING SPACES

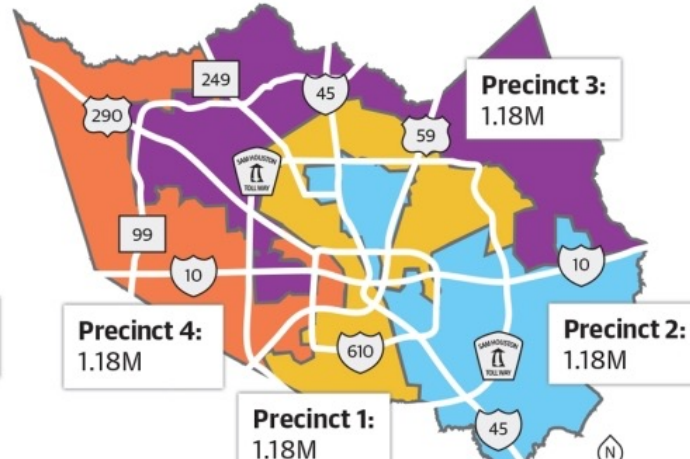

Harris County commissioners selected a new boundary map for the county's four commissioner precincts in a split vote in late October. The existing Precinct 3 will now largely become Precinct 4, and the existing Precinct 4 boundaries will now largely be Precinct 3.

KEY ● Precinct 1 ● Precinct 2 ● Precinct 3 ● Precinct 4 □ Population

2010 precinct boundaries

2020 precinct boundaries

Holly Hansen, Reporter from “the Texan”

– a question regarding the County commitment to the bail reform law passed by Texas legislature in the special session being misapplied by our county district courts and county commitment to resolving this.

Please speak to your prioritization on this particular issue and how you approach to fight this out and win for the citizens of Harris County be it in the courts, legislature or both.

Kimberly Rawson, Citizen Activist and former Deputy Associate Director of White House Homeland Security Council (Bush 43):

“What special qualifications and experience do you have to manage the Harris County Office of Homeland Security and Emergency Management?”
