

**Mary Nan Huffman, Houston City Councilwoman, legal counsel for the Police officers' union**

**1) – a question regarding strategic county commitment of resources to cooperative sharing between 70 police forces around Harris County to best manage this crime spree to an end.**

**2)The number homeless is soaring in Harris County. Tent cities, living in abandoned houses/buildings, under overpasses urban and rural, parks, esplanades, etc...; the problem is actually an epidemic, a real one.**

**Drug usage, prostitution, human trafficking, and disease are a very real and growing problems. This relatively unmanaged population is source of crime in all areas.**

**What can you as County Judge do to responsibly rid our county of this problem and ongoingly manage it?**

**3) The Harris County Toll Roads were established during the construction of the Beltway 8 system over a 20-year period.**

**A popular former County Judge even ran on the promise of eliminating toll fees once the Beltway project was paid off, but did not, rather, Commissioners Court increased the tolls.**

**3 Million containers leave the port of Houston, most on semi trucks each year adding to traffic and their tremendous weight wear intersections and roadbeds.**

**Our toll roads are our nicest and best maintained roads in the greater Houston area.**

**Many Harris County Residents have insisted this issue be addresses as more toll roads are being built and toll fees continue to increase. Will you seek to end it and if so, how?**

**4) This is a Republican Primary Race to select the best candidate for the Republican Party.**

**However, some of the candidates that have entered the Republican Primary have voted for Democrats according to public record and have donated to Democrats.**

**The voters of Harris County want to know why you did so. They also want to know if you'll do**

it again.

**Please look at the Harris County voting public and address this once and for all so that voters can make a choice with which they can be confident.**

**5) Houston's epicenter is now at I-10 and Highway 6 with inland prairies and marshes replaced by suburbs and concrete all the way to Sealy.**

**Many Harris County residents are asking "When will the real causation of the Harris County's Flooding issues be addressed with the Army Corp of Engineers, State of Texas and Federal Government?"**

**Specifically, comprehensive multi-county inland prairie flood control systems to the west and north rather than stop gap, uncoordinated efforts, band aids that have proven too little too late and a massive waste of our tax dollars.**

6) Mandates crushed small businesses in Texas and Lina enforced the Fauci plan pitting business owners against their customers and employees.

10,000 Texas small businesses were permanently closed and 3.1 Million Texans (10%) lost their jobs or were on some form of socialism or aid as a result of County imposed lock downs, mandates and stay at home orders.

Yet, not a single mandate proved fruitful to stop anything but small business.

Did you enforce these mandates in your business or workplace? How do you plan to handle the Covid "control the masses" program or others like it that may come in the future?

7) Harris County historically administered its elections through the elected office of tax assessor collector & registrar of voters in conjunction with the elected county clerks office. Now, HCCC has hired an elections administrator rather than having an official elected by the public as the highest authority in the county to administer elections.

ELECTION CODE TITLE 3. ELECTION OFFICERS AND OBSERVERS

CHAPTER 31. OFFICERS TO ADMINISTER ELECTIONS

SUBCHAPTER B. COUNTY ELECTIONS ADMINISTRATOR

Sec. 31.031. CREATION OF POSITION. *(a) The commissioners court by written order may create the position of county elections administrator for the county.*

**This administrator is beholden to the majority of the Harris County Commissioners Court rather than hired by Harris County Voters and responsible to them for their continued employment, their job.**

**What is your plan?**

**8) Harris County election integrity has come into question, especially during the last election cycle.**

**The Texas Court of Appeals stopped the forensic audit request by the Texas State Attorney General Ken Paxton's office citing that TSAG did not have the authority unless:**

- 1) Governor's office issued an Executive Order for investigation**
- 2) State Legislature Legislated him to investigate**
- 3) County District Attorney invited the TSAG to investigate**

**As Harris County Judge, would you provide total and complete transparency and forensic reporting automatically on all elections to confirm to Harris County Voters that their vote actually counts each and every election thereby restoring their confidence?**

**What exactly is your plan for this?**

**9) Harris County Dept of Education seems to be a catch all that picks up pieces of the education puzzle not currently managed by ISD's, Colleges and administered through the TEA like head start, after school programs, some libraries and some adult education programs.**

**What is the biggest problem to solve for the Harris County Department of Education?**

10) Many area Hospital Systems lost staff numbers due to self administered vax mandates.

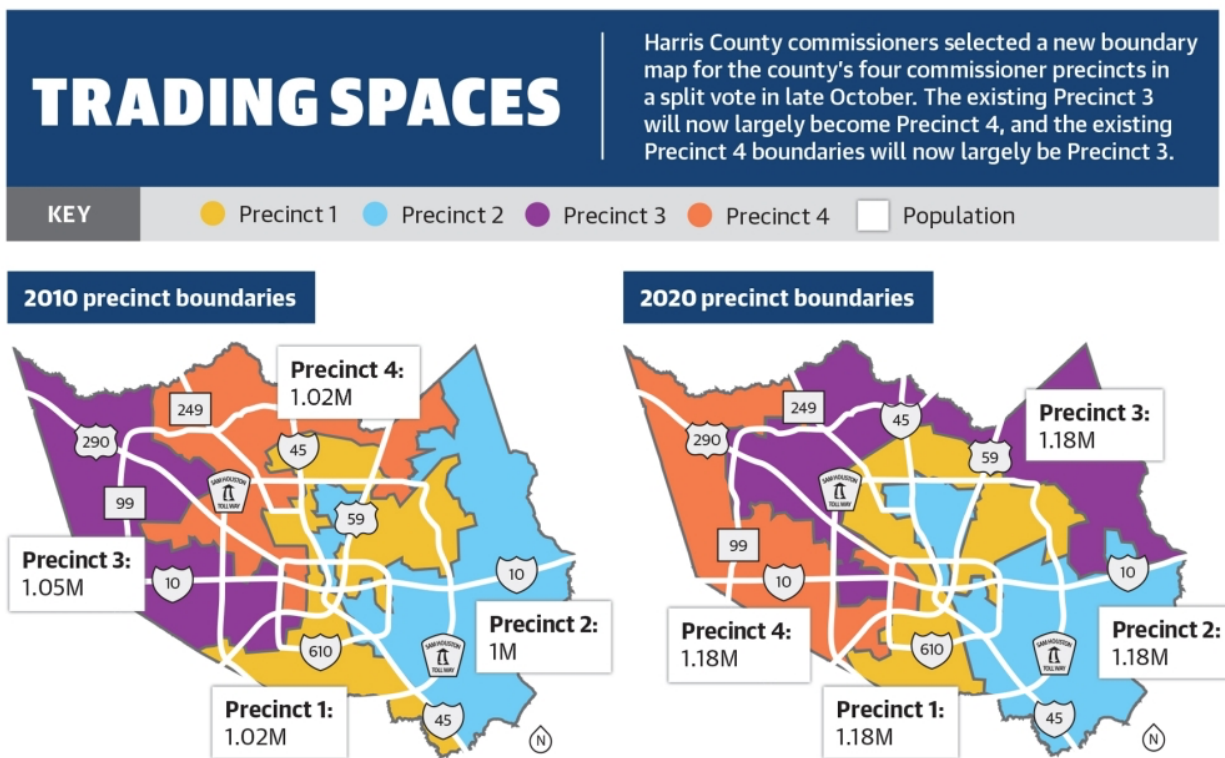

Doctors, PA's & nurses, a precious essential resource to Harris County is its best-in-class Texas Medical Center and our many hospital systems county wide.

Oddly, during a pandemic, some big medical hospital systems took a hard line on employee policy in line with Harris County Judge Lina Hidalgo forcing mandates as a requirement of employment and actually fired large numbers of essential medical staff.

Other private hospitals, private care facilities and private treatment centers did not follow that strict standard. What policy would you put forward as Harris County Judge regarding hospital staff and mandates?

A question from Texas State Representative Valoree Swanson regarding the Rodney Ellis led county redistricting that keeps her and others from electing representation for 5+ years:

– a question addressing the Harris county commissioners court redistricting map and it being appropriately drawn with geographic resources sharing and not political voter mapping.

– a question regarding the County commitment to the bail reform law passed by Texas legislature in the special session being misapplied by our county district courts and county commitment to resolving this. Harris county's lawsuit is the basis of the liberal criminal courts judges releasing criminals repeatedly on low or no bond.

Please speak to your prioritization on this particular issue and how you approach to fight this out and win for the citizens of Harris County be it in the courts, legislature or both.

**Kimberly Rawson, Citizen Activist and former Deputy Associate Director of White House Homeland Security Council (Bush 43):**

**“What special qualifications and experience do you have to manage the Harris County Office of Homeland Security and Emergency Management?”**

**Orlando Sanchez, former Harris County Treasurer – a question about commitment to financial transparency & reducing debt bond load, removal of the Harris County Administrator**

**MORE Questions we would like Mealer to answer:**

Question 1 to Mealer:

Page 32 of the Wells Fargo Employee Manual requires "Pre-clearance using the Global Pre-clearance System is required prior to pursuit of or potential candidacy for any government or public position or office..."

Is this why Alexendra del Moral Mealer was asked to resign and/or was terminated "for cause" from Wells Fargo Bank? Because Mealer failed to obtain clearance prior to running for public office?

[https://teamworks.wellsfargo.com/handbook/HB\\_Online.pdf](https://teamworks.wellsfargo.com/handbook/HB_Online.pdf)

status: **AWAITING ANSWER FROM MEALER**

Question 2 to Mealer:

Many of our veterans are asking about confirmation of your service record. This is common in our background check for candidates that service veterans want confirmation from candidates touting their service record. The DD214 discharge report (usually one page) is what they claim they commonly show when obtaining any service benefit.

Will you provide this common military service discharge record for our service veterans asking for service validation or provide it for examination by service veterans to ascertain your status at discharge from service?

status: **AWAITING ANSWER FROM MEALER**

Question 3 to Mealer:

While Mealer's time in Harris County Texas is only a few years, we were able to obtain the record of Mealer voting in only one Republican Primary election in Texas. We have requested Mealer's voting record in California and Massachusetts through the proper channels.

What was Mealer's Democrat and Republican voting record prior to coming to Texas, specifically?

status: **AWAITING ANSWER FROM MEALER**

Question 4 to Mealer:

Harris County Appraisal District records show 2 separate Military Service Veteran Disability Tax Exemptions. What is the Disability and how will it effect your performance under the high pressures of office as Harris County Judge?

Are there any other health issues?

status: **AWAITING ANSWER FROM MEALER**

Question 5 to Mealer:

Harris County Republicans want transparency in government and with our candidates for public office. We understand that a first time candidate with limited campaign funds may have a difficult time attracting and retaining volunteers and paid staff. However, we are trying to understand why Mealer has continued to keep volunteer staff and paid staff that have proven themselves liberal, RINO (Republican In Name Only) and worse than that, under criminal investigation.

We know this to be true as it was well covered by all local news outlets and the subject is one of two men that drugged, raped a girl and videoed it. One of the rapist worked out a plea-bargain for guilty with no jail time. Now Mealer's campaign staff worker that reports directly to her and appears with her daily is by her side.

Why did Mealer pick such a person? Is she unaware?

How could Mealer not know what this man did to another woman and why he was accused and is being investigated?

status: **AWAITING ANSWER FROM MEALER**
