

# Candidate:

# Alexandra del Moral Mealer

When a candidate's contributors and endorsements come from those funding democrats

When you can tell the candidate is making secret back room promises to them

When some of the most corrupt local politicians are twisting arms behind the scenes for endorsements

What exactly are we dealing with here?

This is fifth of a seven-part series of the Mealer inconsistencies:

***Part 5 – Alexandra del Moral Mealer's is a Manchurian candidate at best or a democrat in republican clothing***

# POLITI-FACT:

*"District Attorney Kim Ogg, is actually joined at the hip with the Republicans who are pushing Alexandra del Moral Mealer"*

-Aubrey Taylor, conservative journalist

From Aubrey

This report is being published for INFORMATIONAL PURPOSES ONLY!!! I've discovered that back on Thursday, February 24, 2022, Jim McIngvale, better known as "MATTRESS MAC" wrote Alexandra del Moral Mealer a check for \$40,000.00 dollars.

Now, many Republican leaders have labeled this Alexandra del Moral Mealer woman a RINO -- which simply means, (R)epublican (I)n (N)ame (O)nly.

That being said, "MATTRESS MAC" also endorsed Harris County District Attorney Kim Ogg (Democrat) back during the 2020 Democratic Party Primary, to help Kim Ogg beat former prosecutor Audia Jones and former prosecutor Carvana Cloud, (two African American lifelong Democrats) who were trying to unseat District Attorney Kim Ogg.

Now, can you see why I keep trying to tell everyone that this **Alexandra del Moral Mealer is really a Democrat** running for office in a Republican Party Primary Runoff?

**camillebunker** You are a communist just like your grandfather. You are an elitist, Manchurian candidate and the people know it. You can even speak Spanish. Even Lee Harvey Oswald was a soldier, just because you served does not mean he was not a communist. Drop out now, we the Spanish speaking people are onto you.

She's a California girl.

Mealer's home county votes 61.4% Democrat, one of the highest in the state.

Most know her truth.

No voting or donations until she decided to run for office in 2021

Jim Macingvale has been stalling the hurricane evacuation expansion route of I-45 for decades by hiring our politicians out from under us to protect his Gallery Furniture Showroom and parking lot

A once trusted political talk radio host sells out to his biggest advertiser and betrays his fans

Now

marking  
Mealer as a  
Democrat and  
a “Lina Lite” at  
best

From Aubrey Taylor’s Blog, conservative journalist & publisher

The Democrats have known about Mealer’s problems all along and wanted Republicans to pick her because they know they can destroy her in the fall. Too many problems.
