Our ultimate headset range for work and beyond

We Hear Your Vision

Designer and Manufacturer of
**Professional Telecom Headsets and
Video Conferencing Solutions**

About JPL

- Established in 2004
- JPL designs, and manufactures professional headsets, video conferencing cameras, webcams, speakerphones, and accessories for the contact centre and UC industries. Driven to improve communication with a variety of telecommunication products worldwide.
- Innovation, sustainability, and future-proofing are at the core of every product we design. We are committed to pushing the boundaries of technology and ensuring longevity in every aspect of our products.
- All our products are UK-designed to ensure high-quality, tailored solutions that cater to your unique needs. This approach fosters a deeper understanding of our customers.
- Customer service is our top priority, guaranteeing rapid responses from our skilled team members whether you encounter technical issues or require sales support before or after your purchase.
- Proud recipients of the Queen's Award for Enterprise in International Trade 2022.
- Production facilities in South Korea, Taiwan and China.
- Offices in UK, USA and Netherlands.

Available March 2026

ICON BY JPL

JPL-Icon 100-QD Series

QD headsets are supplied with a top cable only. All QD headsets require an additional bottom lead.

P/N: JPL-Icon 100-PB

P/N: JPL-Icon 100-PBX

94mm over-the-ear soft, leatherette ear cushions

72mm on-ear soft, leatherette ear cushions

P/N: JPL-Icon 100-PM

Key Features

- **On-ear or over-the-ear soft leatherette ear cushions**
User changeable/replaceable ear cushions (EC-27 over-the-ear).
- **High quality noise cancellation with put and stay boom arm**
Made for speech, our microphones are tuned to help block out background noise to give a clear voice sound when talking.
- Works on any softphone with appropriate USB bottom lead
- Poly compatible quick disconnect bottom lead
- Left or right ear wearing
- Monaural or binaural options
- Cable length from headset to QD = 80cm
- 24 months repair or replacement warranty

• Full Icon 100 headset range shown overleaf

Quick Disconnect

QD headsets are supplied with a top cable only. All QD headsets require an additional bottom lead. JPL's QD is compatible with all Poly QD's.

Please check the compatibility tool on www.jpltele.com for the correct bottom lead for your phone or PC.

Designed in the UK - Manufactured in South Korea

Alternative headset to: Poly HW510 / HW520

Available March 2026

ICON
BY JPL

JPL-Icon 100-USB4 Series

Works out of the box with full functions on Microsoft Teams and RingCentral, and uses basic functions for all other UC softphones.

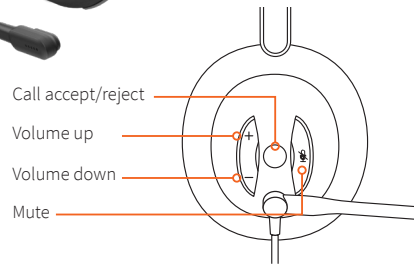

P/N: JPL-Icon 100-UB4
P/N: JPL-Icon 100-UB4E*

72mm on-ear soft, leatherette ear cushions

P/N: JPL-Icon 100-UB4X
P/N: JPL-Icon 100-UB4XE*

94mm over-the-ear soft, leatherette ear cushions

Key Features

- **On-ear or over-the-ear soft leatherette ear cushions**
User changeable/replaceable ear cushions (EC-27 over-the-ear).
- **High quality noise cancellation with put and stay boom arm**
Made for speech, our microphones are tuned to help block out background noise to give a clear voice sound when talking.
- **Connects to any USB-A or USB-C device**
Smart phone, tablet, laptop or PC
- Cable length from headset to USB = 1.5m
- Works on any UC softphone
- Left or right ear wearing
- Monaural or binaural options
- 24 months repair or replacement warranty
- ***ENC Series** - Ultra noise cancelling microphone - effectively blocks out all background noise even in the noisiest environment.

USB-A and USB-C

Microsoft Teams and RingCentral

Works out of the box with full functions including call answer/call end, call mute and speaker volume.

Unified Communications

Works with all known softphones with basic functions; call mute and speaker volume.

Call answer/call end with your mouse.

Designed in the UK - Manufactured in South Korea

Alternative headset to: Jabra Evolve 20, Poly Blackwire 3210/3220, EPOS IMPACT 430T/460T, Yealink UH34

JPL Convey

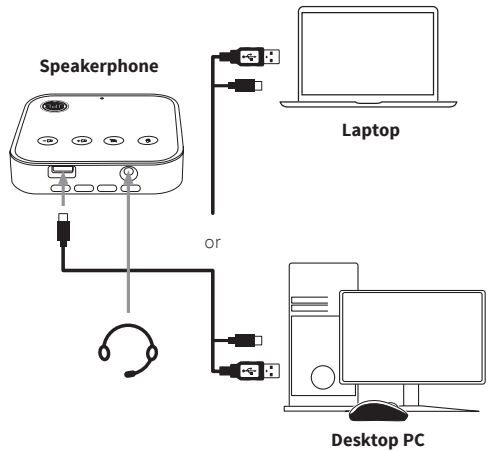

USB-A and USB-C compatible

The **JPL Convey** is the ideal choice for anyone wanting to talk and listen hands-free when using any of the major softphones like Microsoft Teams, Zoom, RingCentral, WhatsApp etc.

If you are in a quiet meeting room or at home, this is the perfect small portable USB speakerphone. Supplied with both USB-A and USB-C adapters it is literally plug and play with your PC or laptop, and is part of our "Software Last" range of products.

Key Features

- **Host meetings in moments**, with a plug and play USB-A or USB-C connection for PC and Mac. The simple interface is easy to use, with just 4 illuminated touch sensitive buttons: volume up, volume down, mic mute and speaker mute.
- 3-5m voice pick-up
- **Communicate clearly** - Perfect for team briefings and pitches to clients. The JPL Convey is ideal for any small office or meeting room with up to 4 people. The high quality speaker is loud enough for your whole team to hear.
- Use for more than just conferences or team meetings. When you're not using it as a business conference phone, try using it for listening to music/radio, gaming or using as a speaker to enhance the sound of a Youtube video.
- **Clarity in design** - No status confusion with the full LED indicators showing whether the mic and/or speaker is muted.
- Protective carry case included - Take your JPL Convey with you wherever you go. It's the little speakerphone that thinks and acts large.
- Supports external 3.5mm interface

DESKPILOT BY JPL

Wireless 4K/30fps Screen-casting Speakerphone

JPL DeskPilot 360° omni-directional microphone works together with the JPL Agora 2 video sound bar and streamlines your video meetings with an all-in-one solution. This innovative platform integrates Voice, Video, and Data, into a single, intuitive interface, boosting efficiency and simplifying your workflow.

Wireless Conference System

Unmatched Flexibility: JPL DeskPilot adapts to your needs, whether you require a complete UC solution or a single communication feature.

Crystal Clear Communications: Enjoy exceptional voice and video quality with advanced audio codecs and HD video up to 4K capabilities.

Cost-Effective Solution: Streamline your communication infrastructure and reduce costs with JPL's all-in-one approach.

- ✓ **One-click 4K/30fps screen-casting speakerphone**
- ✓ **8-Array built-in microphones with 4-metre voice pickup**
- ✓ **Proprietary algorithm bringing smooth and natural voice:**
 - AEC, Acoustic Echo Cancellation
 - ANS, Adjustive Noise Suppression
 - AGC, Automatic Gain Control
- ✓ **Allows multiple devices to connect with up to 2 split screens at the same time**
- ✓ **Plug & Play - No software downloads required**
- ✓ **USB-C connection to PC enables speakerphone and instant Screen-casting and screen-sharing**
- ✓ **Designed to support the UHD 4K JPL Agora BYOD and JPL Spitfire video conference cameras. Non JPL cameras are limited to 1080p.**

- **Wireless 4K casting**
- **8-Array ring microphone**
- **Auto-framing**
- **Multi-image gallery mode**
- **24 Months repair or replacement warranty**

Universal bracket (desk mount, monitor mount and tripod fixing screw for optional tripod attachment)

Key Features

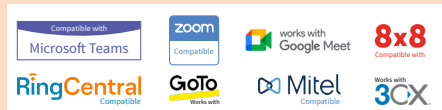

- **Universal 1080p HD 30fps webcam**
- **Ideal for use where office security is essential**
- **Plug & play - No software downloads needed**
- Built-in privacy lens cover
- Single USB wire solution - No additional power needed
- Dual stereo full duplexed microphones for smooth natural conversations
- Full HD glass lens with 96° undistorted field of view
- Built-in camera and microphone in-use LED indicator
- USB 3.0 Type-A and Type-C connectivity using the USB adapter
- Compatible with all major softphones: Microsoft Teams, Zoom, Google Meet, 8&8, GoTo, RingCentral etc.
- Multi-angled desk mount / monitor mount (as well as tripod fixing screw option on the base) giving full 360° camera rotation and 90° camera forward tilt
- 2 year repair or replacement warranty

Critical Communications Push-to-Talk/Push-to-Key Adapters

Designed for Critical Communications

Headset:
Poly compatible QD

JPL Scout 3100

The JPL Scout 3100 is a wireless DECT **push-to-talk** headset amplifier that is ideal for use where secure, mission critical, conversations are needed, such as public safety dispatch, air-traffic control, radio dispatch operations, and training simulation.

Direct alternative to the Poly CA22 PTT adapter

- ✓ Modern robust design made from toughened plastic to withstand the harshest of conditions
- ✓ Push-to-Talk switch with momentary operation
- ✓ Highest DECT Security Step C
- ✓ 500ft (150m) range
- ✓ User changeable battery - 24/7 operation
- ✓ Built-in call saver, keeps the call live during battery swap-over
- ✓ 2 charging wells, trigger & battery
- ✓ Dual PC/analogue connectivity
- ✓ Send volume on base station
- ✓ Neatly positioned thumb wheel volume control
- ✓ 10hrs talk time
- ✓ Left and right side belt clip wearing styles
- ✓ LED visual indication on trigger for active microphone
- ✓ **Tested with Motorola and other leading console manufacturers**
- ✓ 2 year repair or replacement warranty

What's Included

- 1 x Scout 3100 base station
- 1 x Scout 3100 handheld trigger with QD headset connector
- 2 x batteries (one for handheld and other as spare)
- 1 x PJ-7 2-prong to RJ12 cable
- 2 x USB-C to USB-A cables
- 1 x Multi-country plug with USB-C port

STOCK ITEM

SKU: 575-406-3100

SSP: €699.90

Designed in the UK - Manufactured in South Korea

Alternative adapter to: Poly CA22

BL-22+P / BL-22A+P

Dual-prong PJ-7 headset adapter - Hands-free convenience for PBX and ACD operators

This sturdy dual-prong adapter plugs into a PBX or ACD operator's console using the PJ-7 dual-prong plug and the JPL/PLX QD allows connection to a variety of JPL headset styles.

Key Features

- JPL/Poly QD to dual-prong PJ-7 plug
- Clear, crisp sound
- Neatly positioned thumb wheel volume control
- Volume and automatic gain controls let you adjust incoming calls to a comfortable listening level
- 15ft (4.5m) coiled cord
- 24 Months repair or replacement warranty

The BL-22+P is compatible with the following JPL headsets:

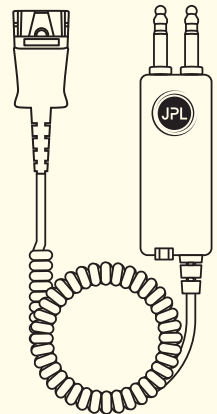

JPL-Icon 100-PM, JPL-Icon 100-PB
JPL-Connect-1, JPL-Connect-2,

Device:
Dual-prong plug

Headset:
JPL/PLX compatible QD

Alternative adapter to: Poly P10

JPL Scout Series - Lockable Trigger

An ergonomically designed **push-to-talk** headset amplifier for use where secure, mission critical, conversations are needed, such as public safety dispatch, air-traffic control, radio dispatch operations, and training simulation.

Key Features

- Modern robust design made from toughened plastic to withstand the harshest of conditions
- Push-to-talk switch with selectable locking or momentary operation
- Left and right side belt clip wearing styles
- Neatly positioned thumb wheel volume control
- Supplied with a lanyard strap and plastic screwdriver
- 24 Months warranty

Key Features

1. Thumb Wheel "Fast Throw" volume control
2. Momentary or locking push-to-talk trigger switch
3. Locking switch to change from momentary to locked switch
4. Replaceable belt clip
5. Lanyard strap
6. Plastic screwdriver to change momentary to locking switch
