# About Us

Future Gate Company was established in 2010 to become a pioneer in the field of general trading and exclusive international agencies.

We are an Iraqi leading company specializing in the trade and supply of chemical materials for oil wells and refining operations, in addition to providing logistics solutions and supplies for governmental and humanitarian organizations.

We stand out for offering high-quality products and strategic partnerships with reputable European companies, making us the ideal choice for clients across various sectors.

## Our Mission

We are committed to supplying our clients with original and certified products that meet the highest standards of quality and safety, supported by technical expertise and a global supply network.

## Our Vision

To be the leading and most trusted provider of industrial, chemical, and logistics solutions in Iraq and the region.

## Our Values

- Reliability
- Quality
- Transparency
- Commitment
- Innovation

# Our Fields of Work

- **General Trading**

Supplying industrial equipment, electrical devices, and various raw materials.

- **Governmental and Humanitarian Supply**

Providing logistical, relief, medical, and field supplies.

- **Oilfield Chemicals**

Supplying chemical materials used in drilling, extraction, and crude oil treatment operations.

- **Energy and Refining Services**

Providing equipment and support solutions for refineries and oil service companies.

# Our products include

- Corrosion and rust inhibitors.
- Drilling fluids.
- Solvents and surface treatment chemicals.
- Industrial cleaning solutions.
- Oil production enhancement additives.
- Field treatment chemicals.
- Turbine cooling materials.
- Water purification and sterilization materials.

IS YOUR GATE TO THE FUTURE  
FUTURE GATE
