

What to Do with Underperforming Investments?

We can help!

Our sales and sales management experience combined with Occulus; our unique AI-powered sales analysis platform can help get any of your underperforming portfolio companies back on track quickly.

- **Analyze the Deal**
- **Reduce Reality Gap**
- **Create Path to Close**

OcculusRVP Growth & Turnaround process takes a deep dive into a company's pipeline, analyzing sales opportunities in 5 dimensions and mapping strengths, weaknesses and closing probability. This fact-based deal analysis provides the sales team with clear answers to which deals to drive through the pipeline, action items and closing strategy. Our proven tool-based process is your most powerful weapon, significantly increasing win rates thus revenue performance – fast.

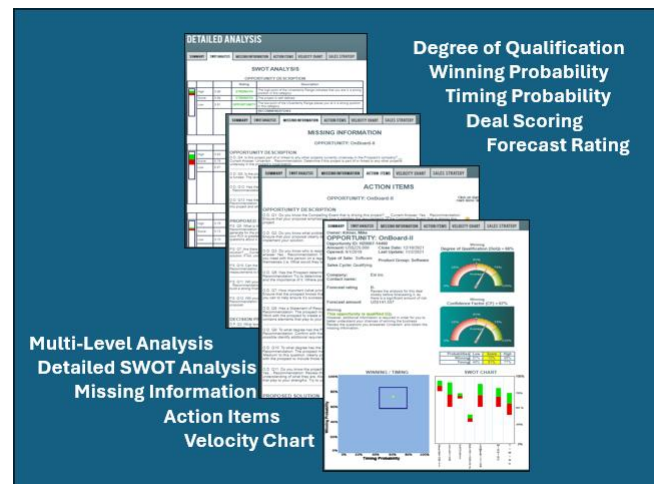

BENEFITS:

- Increased sales & revenue performance
- Increase WIN Rates on critical deals
- Sustainable improvement
- FAST results (1 to 2 sales cycles)
- Increased value of the company
- Increased value of the company on Exit

WHY US?
