

HOOKER Racing

Turning Money Into Noise Since 1982

RACE HARD.
RACE SAFE.

LEGEND CAR SPECIFIC DRIVER PROTECTION SYSTEM

DIRECT PROTECTION FOR THE DRIVER
WHEN IT MATTERS MOST.

CARS CAN BE REPLACED.
DRIVERS CANNOT.

PROTECTS THE DRIVER

Sprays Cold Fire liquid directly on the driver, saturating them for 30 seconds to help them survive until track crews arrive.

AUTOMATIC ACTIVATION

Activates automatically when the temperature in the detection tube reaches 176°F.

30 SECOND DISCHARGE

Delivers a full 30 seconds of Cold Fire liquid, with continued protection after discharge due to the driver's fire suit being saturated.

SAFE & ENVIRONMENTALLY FRIENDLY

- Completely water soluble
- Biodegradable
- Non toxic

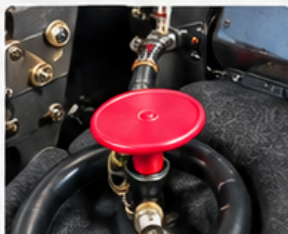

ACTIVATES IN ANY SITUATION

- ✓ Any fire in the car will activate the system.
- ✓ Works whether the car is on its wheels, on its side, or even upside down.
- ✓ Activates whether the driver is conscious or unconscious.
- ✓ Provides critical protection until track crews reach the driver.

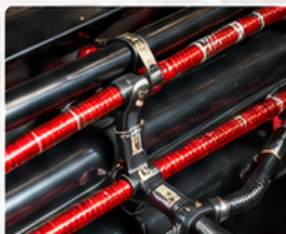

DISCHARGE NOZZLE ABOVE DRIVER

Black distribution tube delivers Cold Fire liquid directly to the driver from the nozzle mounted above.

MANUAL PULL (ADDITIONAL SAFETY)

Easy access manual activation for added peace of mind.

DETECTION TUBE (ENGINE BAY)

Red detection tube runs through the engine bay. It does NOT spray liquid — it only detects heat and activates the system.

DETECTION TUBE (FUEL CELL AREA)

Red detection tube runs through the fuel cell area. It does NOT spray liquid — it only detects heat and activates the system.

COMPACT, LIGHTWEIGHT DESIGN

Stainless steel cylinder and professional installation hardware designed specifically for Legend Cars.

IT'S NOT ABOUT THE CAR...
IT'S ABOUT GETTING YOU HOME.

COMPLETE KIT INCLUDES:

- ✓ Stainless Steel Cylinder
- ✓ Biodegradable Fire Suppression Liquid
- ✓ Mounting Brackets
- ✓ Detection Tube
- ✓ Nozzle System
- ✓ Installation Hardware
- ✓ Instructions
- ✓ Legend Car Specific Kit
