

FTE Drilling is one of the most specialized companies in the drilling industry. We offer services covering different types of drilling, particularly in Canada and West Africa. To carry out all its projects, FTE Drilling has a large fleet of highly specialized vehicles to carry out commercial, residential and industrial projects. We are recognized for our high-quality work in the following fields:

- Mining drilling
- Water drilling
- Geothermal drilling
- Pile drilling
- Directional drilling
- Sonic drilling

We are currently looking for Drillers and Assistant to complete our teams.

Role and Responsibilities – Driller

- Setting up rigs and tearing down, perform drilling operations, completing or servicing;
- Responsible for ensuring daily pre-shift inspections are completed for all the equipment under their direction;
- Operate controls of drilling rig and/or support equipment;
Train workers under their direction in job duties, safety procedures and company policies;
- Document and record status of drilling operations;
- Assemble and attach equipment, tools or recorders to drill stem or wireline to conduct required procedures and tests;

Role and Responsibilities – Assistant

- Support the drilling operations: handle rods and drilling tools, collect and handle samples, mix drilling fluids, carry out basic maintenance of tools and equipment, housekeeping, supplies count, perform basic measurement and calculations, carry out basic operator maintenance, complete pre-start checks, refuel vehicles and plant.
- May be required to operate non-drilling equipment such as light or heavy vehicles, cranes, tele handlers, forklift, skidders, track-mounted utility vehicles, etc
- Monitor a safe workplace, maintain workplace safety and apply risk management processes for elimination of work related injuries, damage to equipment and incident-related lost time.

Qualifications:

- Experience in Diamond or RC Drilling (+/-8 years)
- Good physical ability;
- Facilitate teamwork;
- Adapt easily to different situations;
- Ability to work and live in remote areas.

We invite you to send your resume and information to rh@foragefte.com
