Reporting to the Site Foreman, the Construction Labourer will play a crucial role in supporting various construction activities on our projects. The Construction Labourer will assist with the preparation of construction sites, operate hand and power tools, and collaborate with the construction team to ensure efficient project execution. This is a rotational position with a schedule of 20 days on, 10 days off.

### **CORE RESPONSIBILITIES & DUTIES:**

- Perform lifts of heavy loads up to 50 lbs and navigate construction job site terrain
- Load and unload materials from trucks both manually and with the use of equipment
- Maintain a safe and clean job site by handling materials and storing them properly
- Collect and remove all tools and equipment when not in use, and securing the job site on a daily basis
- Perform general maintenance and cleaning of construction equipment and vehicles
- Operate light-duty vehicles such as pickup trucks, zoom booms, skidsteers as needed
- Perform installations of geotextile fabric
- Provide labour support to other workers as needed or as assigned by supervisors

### **EDUCATION, EXPERIENCE & SKILLS:**

- 2+ years' experience working in the construction industry
- Civil earthworks or mining experience will be considered an asset
- Ability to meet the physical demands of the position including standing for long periods of time and lifting heavy loads
- Ensure safety is a top priority at all times
- Ability to work independently and as part of a team
- Ability to self-start and take initiative on tasks
- Strong communication skills both verbal and written
- Must hold a valid class 5 driver's license
