Procedure to hire the paint removal tool assembly.

What's in the hire?

- Paintshaver Pro Paint removal tool, Tool box and adjustment tools.
- HEPA filter(fine dust collection) Vacuum for the tool use
- 5 meters of hose

Confirmation of the hire is achieved by calling by phone and paying the hire amount by credit card or advising us the credit card to be charged via email or text at any of the above contact points.

Be aware on the date of the hire we get a pre-approval on your credit card of \$300.00 as the security bond for the equipment. This is not a transfer of funds just a hold on the funds until the equipment is returned under the hire contract.

If you could advise the location where you will be using the tool and what the use will be for the hire (so we can configure the tool for you) when you call or email.

\*\*\* So we can prepare the paperwork before you arrive for the pickup could you advise these details.

- Home Address or the location where the tool is to be used (are you the owner? This is a check we confirm before the hire)
- Credit card details- If you cannot supply credit card details for pre-authorisation, debit cards are not normally acceptable then a \$1000.00 bond is required
- Driver's license details with home address on back (or utility bill, gas, electricity, rates etc. with this detail) This ID will need to be sighted on pickup.
- Mobile Phone ( text is our preferred communication method)

\*\*\* Refer to our privacy statement on the hire contract
