Package Add Ons

Additional options for you DJ package

Photo Booth Package **\$400**

With this add on your Photo Booth operates for the entire event. Full time attendant to guide your guests through the photo booth experience. Unlimited prints in either double 2x6 strips or single 4x6 prints. Custom personalized photo layout. Disk with your guests photos. Box of fun photo booth props. Our photo booth uses a state of the art Cannon DSLR camera and photo lab quality dye sublimation printer for the best quality photos and prints available from a photo booth.

Additional PA Systems and Locations **\$200**

Add an additional PA sound system in a separate location. Use this add on if your Ceremony and Reception are in Separate locations too far for one system to cover.

Venue Uplighting **\$150**

Uplighting is a popular lighting effect created by strategically placing lighting fixtures on the floor and pointing them up. Thus creating the effect of 'up lighting'. Uplighting is a very effective way to dramatically improve the ambience of an event space.

Dancing on Clouds

\$200

With Dancing in the Clouds, your dance floor will transform into a truly unique scene. This looks exactly like something from a romantic movie. This incredible special effect will undoubtedly create a picturesque backdrop for your first dance. Therefore, your photographer will be able to capture some beautiful images for you to enjoy years from now. As you take the floor for the very first time as a married couple the floor will fill with enchanting clouds created by our special high output low lying fog machine

Wedding Monogram Projector

\$150

We can project monograms of your names, wedding date, or anything else onto any surface for a special lighting effect. Our custom monograms are designed specifically for each event.
