How to measure correctly

In order to determine your exact size, measure close to the body. The measuring tape should not constrict, but lie lightly. Wear light clothing.

- 1 Bust**
Above the strongest point of the breast horizontally around the body.
- 2 Waist**
Around the waist, without constricting.
- 3 Hips**
Tape measure horizontally over the strongest point of the buttocks.

Note: Leather jackets are designed to fit close to the body.
