Our Story

JERRY BRASSFIELD
FOUNDER & CEO

COMMITTED TO MAKING THE WORLD A HAPPIER AND HEALTHIER PLACE

As a young boy, Jerry Brassfield suffered from severe asthma and allergies. Determined to find relief for her sick son, Jerry's mother began adding quality nutritional products to his daily diet. It was then that he discovered the profound impact quality supplements could play in helping restore good health.

Because of his passion for helping others, Jerry began sharing his powerful testimony with those around him and realized most people were in need of a solution to a lack of good nutrition. Sharing the products and working with others to set and achieve both health and financial goals turned out to be a financially rewarding home-based business.

His belief in the products and desire to change lives is what paved the way for Jerry to turn his small network marketing business into a global multimillion-dollar company.

1 YOUR CELLS ARE HUNGRY, FEED THEM!

Lipids and sterols are critical components of our cell membranes, and are needed to ensure the transport of nutrients into and waste out of the cells. Unfortunately, grain processing strips out the outer nutrient-dense layers that provide lipids, sterols and other vital nutrients from foods. This leads to inefficiency at the cellular level, leaving you feeling tired and sluggish as well.

ENERGY STARTS WITH NUTRITIONAL ASSURANCE AT THE CELLULAR LEVEL

Tre-en-en is the world's first and only whole grain lipid and sterol supplement proven to enhance energy and vitality by optimizing cell membrane function. It energizes your entire body by helping your cells function more efficiently.

TRE-EN-EN FEEDS THE CELLS

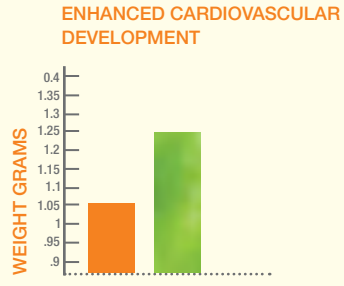

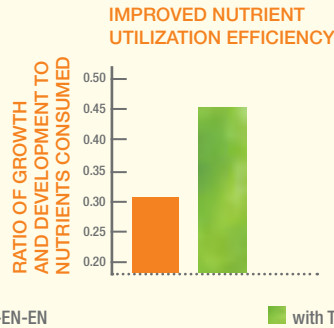

If cellular membranes are starved of vital nutrients (lipids and sterols), they become inflexible and can't perform critical functions. Whole grain lipids and sterols allow your cell membranes to become their flexible best, making it easier for nutrients to get in and waste to get out.

PROVEN PERFORMANCE

It was shown that when Tre-en-en is present in the diet, overall growth and development, nutrient utilization efficiency and cardiovascular development improved.

2 PROTECT YOUR CELLS

Optimizes immune function by providing a full spectrum of protective carotenoids from a variety of nutrient-rich fruits and vegetables.

CLINICALLY-TESTED AND PROVEN

The first and only whole-food carotenoid supplement proven by USDA researchers to protect heart health and boost immune function.

Boost overall immune function
by 37% in just 20 days

- Enhances immune response of white blood cell – “natural killer” cells and lymphocytes
- Reduces oxidation of cholesterol thereby promoting heart health
- Boosts antioxidant levels in the blood for long-term cellular protection against free radical damage

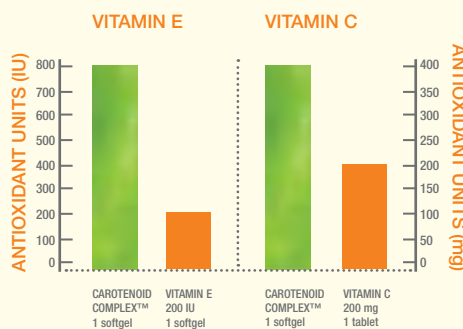

AN IMMUNITY BOOST FROM GARDEN AND GROVE

When we eat our fruits and veggies, the phytonutrients in those plants may protect our cells from dangerous elements, even carcinogens, and pump-up our immune systems. Research has pointed to the immune-boosting power of carotenoids, which are found in red, orange, yellow, and deep green fruits and vegetables.

FULL-SPECTRUM GOODNESS THAT'S EASY TO ABSORB

More than just beta carotene, Carotenoid Complex provides a full spectrum of 15 powerful carotenoids from carrots, tomatoes, spinach, red bell peppers, strawberries, apricots and peaches—all in a natural base of pure olive oil to enhance absorption.

MORE ANTIOXIDANT POWER THAN VITAMINS E AND C

Why It Works

GLYCEMIC RESPONSE CONTROL TECHNOLOGY

Consuming meals that cause sugar spikes throughout the day forces your body to go through a glycemic roller coaster. A controlled glycemic response promotes steady energy levels, minimizes fat storage and promotes fat burning.

BUILD AND MAINTAIN LEAN MUSCLE

Whey protein is rich in branched chain amino acids, specifically Leucine, which is associated with forming muscles and retaining lean body mass to promote long-term and effective weight loss.

STAY FULL AND ENERGIZED

NeoLife Weight Management promotes gut-brain satiety signaling. Exclusive high quality fiber and protein blends help you feel full faster and stay full longer, controlling your appetite and maintaining your energy levels—which are key to achieving a healthy weight!

Safe, sustainable and healthy weight loss

TRÉ™ – A POTENT SHOT OF WELLNESS

Tré is a bioactive nutritional essence that harnesses the rich, rejuvenating bounty of nature. Tré is drawn from a select group of nature's **most powerful and unique fruits** that are naturally rich in bioactive compounds, called polyphenols, that have the remarkable ability to promote health. Science has shown that the polyphenols play a wide range of critical roles in supporting and promoting **health, longevity and cognitive function**. Research also tells us that when polyphenols are absent or deficient in our diets, aging processes are accelerated and the disease risk is higher. Conversely, when they are abundant in our diets, **aging is slowed and disease risk is lower**. The standardized and focused nutrient diversity of Tré is a pure expression of nature's plan for human nutrition.

Strong Bones...

STRONG BONES TOMORROW NEED FOCUSED NUTRITION TODAY

You need more than just calcium to **build strong bones**. 80% of us also do not get adequate magnesium and 60% don't get enough vitamin D – nutrients critical for supporting calcium absorption and utilization. NeoLife's exclusive formulas **combine the power of calcium with magnesium and vitamin D₃** to help build strong bones for a lifetime of good health.

Adequate calcium and vitamin D as part of a healthy diet, along with physical activity, may help **reduce the risk of osteoporosis** later in life. Calcium and magnesium, necessary for strong bones and teeth, are also critical for cardiovascular health, normal blood pressure, nerve and muscle function, PMS symptoms and many enzyme reactions. Vitamin D supports breast, bone, heart and immune health.

Are you at risk?

About 80% of women over age 20 get less than the recommended daily amounts of calcium.

Chelated Cal-Mag Plus Vitamin D₃

For healthy bones and teeth, normal blood pressure, optimal nerve and muscle function and relieves PMS.

- Provides vitamin D₃, the form that is **readily absorbable** and highly bioavailable
- **Pharmaceutically pure**, seashell-derived calcium
- **Exclusive double amino acid chelation** to promote higher calcium and magnesium absorption
- Formulated with the preferred 2:1 ratio of calcium to magnesium to best meet your body's needs

A Heart for Giving

WITH YOUR HELP WE ARE MAKING A POSITIVE DIFFERENCE THROUGHOUT THE WORLD

Neolife has a rich history of involvement with organizations that help those less fortunate. From local programs to international commitments, the Neolife Family Foundation carefully selects charitable organizations and causes that truly make a difference to help those less fortunate. A generous percentage of profit from every product sold is allocated toward funding the Neolife Family Foundation philanthropic outreach.

*Hope for

Our Cause

We are believers in giving back where your heart is, and ours is in giving to children. We carefully select charities aimed at helping the poorest of the poor children. The NeoLife Family Foundation is committed to finding organizations that meet our rigorous standards, where over 90% of every dollar donated goes directly to the children.

Among the Organizations We Support...

- A not-for-profit school lunch program that provides daily hot meals to 15,000 children in Tanzania. In their school lunch they receive our flagship product, Formula IV® with Tre-en-en® Grain Concentrates. The program has been able to triple its size with our backing.
- A Christian organization based in San Jose, California, that offers food, shelter and guidance to children who are in desperate need of help.
- An orphanage in Lima, Peru, that provides food, medical services and refuge for children who don't have the resources to help themselves.
- An organization in Las Vegas, Nevada, that helps poor children in difficult life situations, such as abusive homes, go to a Christian summer camp.
- In India, an outreach organization that cares for the rejected social class known as the "Untouchables."
- In Mexico, a children's program providing food, mentoring and recreation to help the next generation thrive.
