

The usual convenience: CLIP top BLUMOTION 155° assembly

Ablum°

Tried-and-tested CLIP assembly

The CLIP mechanism has proven itself a million times over in the past; it ensures that the wide angle hinge can be installed in cabinets quickly, with ease, and without tools.

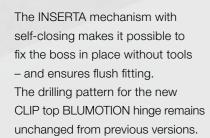

Three-dimensional adjustment

The new 155° hinge features a simple side and height adjustment, as well as infinitely variable depth adjustment, so it matches the high standard of the existing CLIP top BLUMOTION hinges.

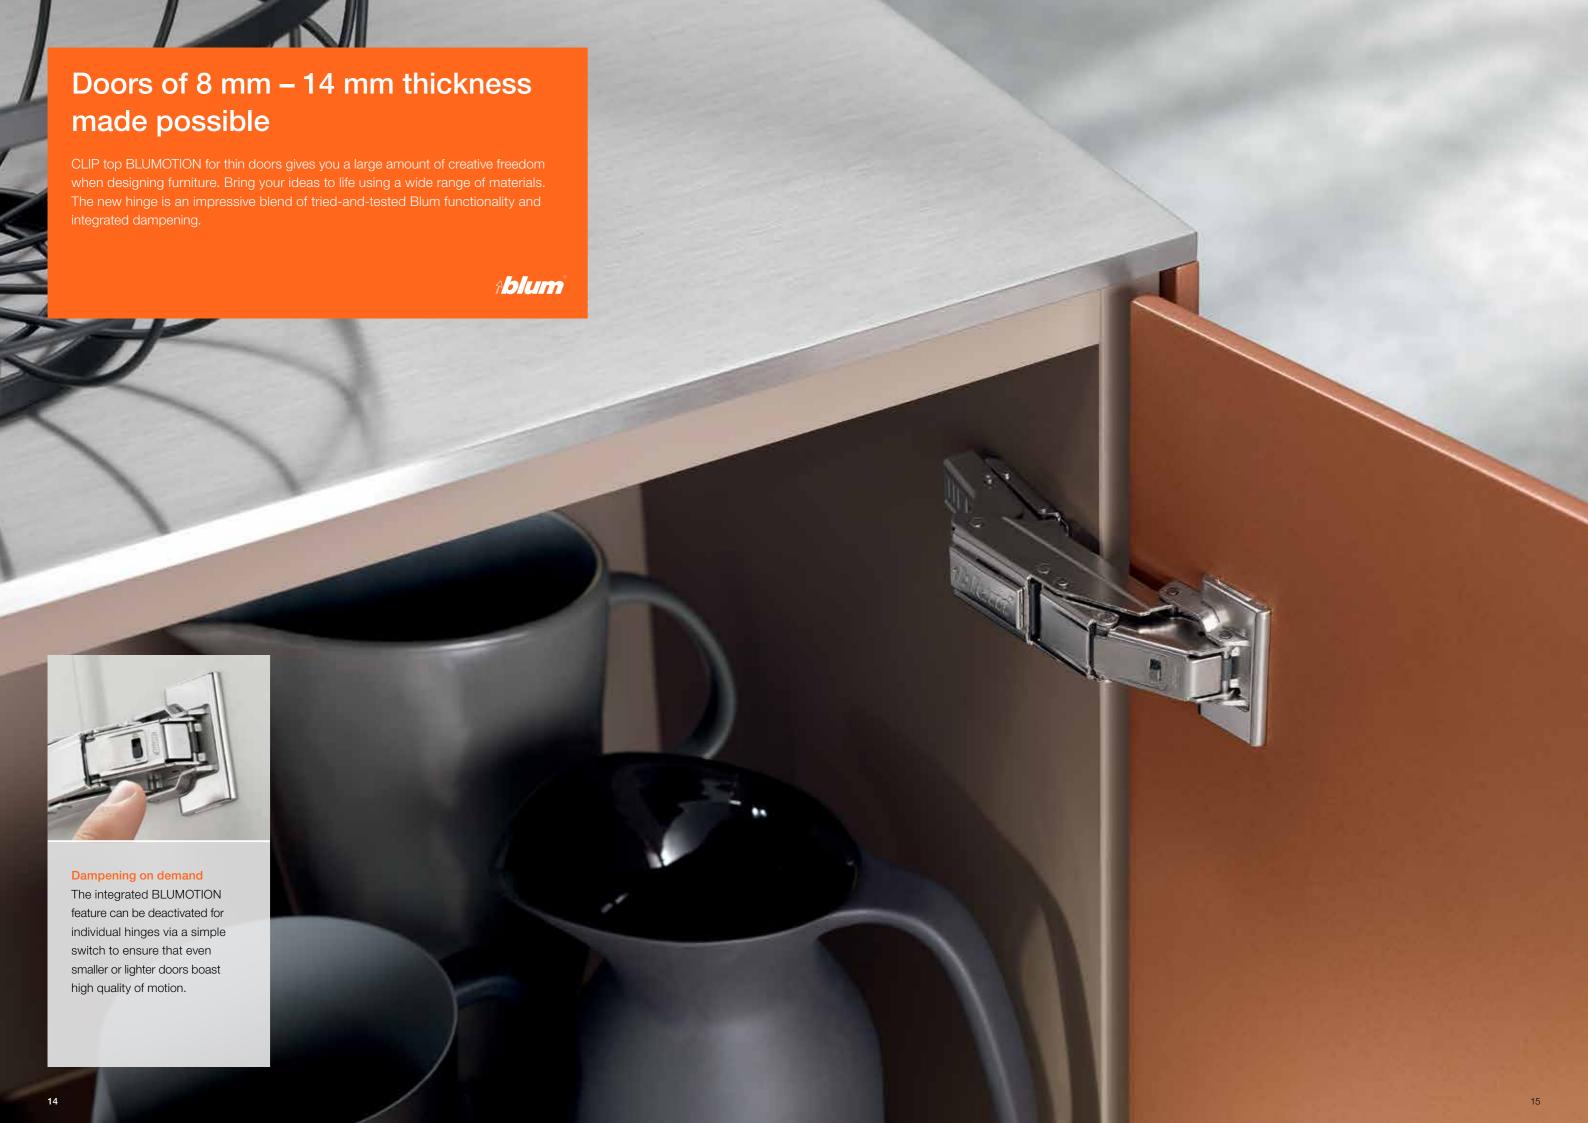

Suitable boss cover caps

Suitable boss cover caps are now available for CLIP top BLUMOTION 155°.

Versatile: CLIP top BLUMOTION for thin doors

ablum°

CLIP top BLUMOTION for thin doors promises the usual high level of Blum quality in furniture with a pared-down design: innovative technology, high-quality materials and a large amount of stability – for the life of the furniture.

fee & Tea Cups

Dark Belgian Chocolate

The usual convenience: CLIP top BLUMOTION for thin doors assembly

Ablum°

Simple hinge fixing

Place the dowels in the drill holes, tighten the screws, then you're done! The new type of fixing with EXPANDO T makes furniture with thin doors easy to process.

Standard fixing position

Standard fixing positions are used to fix the mounting plate in place in the cabinet, which enables the use of standard cabinets and also makes the production process more straightforward.

Tried-and-tested adjustment options

Tool-free front assembly using the CLIP mechanism, you also benefit from tried-and-tested infinitely variable adjustment of the height, side and depth.

EXPANDO T area of application

EXPANDO T is suitable for fixing Blum fittings to thin front materials in furniture manufacturing. With sufficient stability and strength, front materials of 8 mm - 14 mm thickness may be used. For internal designs and not external applications.

The company Blum

company that operates on an international scale. Its strategic business segments include lift, hinge and pull-out systems. All our product developments focus on perfecting motion.

www.blum.com

Ablum

Blum in Austria and around the world

The company has seven plants in Vorarlberg, Austria, additional production sites in Poland, the USA and Brazil and 29 subsidiaries/representative offices. Blum supplies more than 120 markets. The Blum Group employs 7.300 people in total, 5.500 of whom work in Vorarlberg.

"Whether manufacturer, distributor, fitter or kitchen user everybody should personally enjoy the benefits of Blum products" that is Blum's philosophy on global customer benefits.

Innovations

To support customers with innovative fittings solutions and secure long-term success for the company, we need to consistently invest in research and development, in plants and facilities and in employee training. With more than 2.600 patents worldwide, Blum is one of Austria's most innovative companies.

Quality

Blum's comprehensive concept of quality does not only apply to products. Services and collaboration with customers and partners should also meet the same quality requirements.

Environment

At Blum, we believe that responsible ecological behaviour has long-term economic benefits. The longevity of products is just one of many important aspects. Other important measures include the use of environmentally-friendly processes, the intelligent use of materials and prudent energy management.

DYNAMIC SPACE

Good workflows, optimum use of storage space and top quality motion are important features of a practical kitchen. Blum's ideas for practical kitchens are designed to bring function, convenience and ergonomics to furniture interiors.
