Maine South Parents Scholarship Club (MSPSC) awards \$1,000 scholarships annually based on the applications received from well rounded seniors in the following categories: applicant essay, letters of recommendation, extra curricular activities, GPA, optional test scores, relevant work, community service, volunteer experience and/or any awards or honors earned.

MSPSC also has several scholarships with special designations. Below is a list of the scholarships with special designations. Note: The same application is used to apply for all scholarships whether they are the general MSPSC Scholarship or one of the following scholarships. The number of scholarships awarded each year varies in number based on annual funds donated to MSPSC.

Generously Donated By:

- **Martin McGovern/Scotty Wind Memorial Scholarship** Both Martin and Scotty were Maine South graduates and best friends that were tragically taken away from us too soon. This special scholarship, in their memory, is given to recipients who have excelled in soccer, music, student council and foreign language. Each of these areas were important to them.
- **Good Food Pantry Scholarship** The Good Food Pantry scholarship is awarded to a student who has at least 3 categories of the following: student athlete, member of National Honor Society, demonstrates community involvement through volunteering, active in a club or student government at Maine South, and has a GPA of 3.0 or above.
- **Jan Cannon Award** Jan was a longtime career counselor at Maine South and school liaison to the MSPSC. The student given this award has exemplified a natural mentoring ability and an interest to study in the field of education.
- **Amina Grace Memorial Fund Scholarship** The Amina Grace Memorial Fund was started in memory of 5-year-old Amina Grace Cullen Ali, a child with Down syndrome who passed away in 2014 at the age of 5. The fund is to honor Amina Grace's life and change the way the world sees people with differing abilities. The mission of the fund is to see the value in every person and realize that all people have amazing abilities but sometimes they may need a little help to live up to their full potential. Including everyone and promoting acceptance adds value to the community and society. Inclusion can start with a small gesture like a smile, a wave or inviting someone to join your lunch table. This could build to inviting someone to join you at school dance or sport, hang out after school or join you at a party. Students must demonstrate leadership or involvement in advocating for and championing inclusion and awareness efforts for those with differing abilities and have the following criteria:
 - Junior or Senior at Maine South
 - Attendance at a minimum of three diversity, equity, and inclusion events per year.
 - Demonstrates commitment towards building acceptance and awareness for people with differing abilities at Maine South and in the community.
 - GPA is a minimum of 2.5 for this award.
 - The scholarship will be used toward college.

In Honor of:

- **Clyde K. Watson Award** Dr. Watson was the first principal at Maine South in 1964. The student given this award must exemplify the highest level of personal and scholastic achievement.
- **Virginia Feurer Award** Virginia was a longtime career counselor at Maine South and a liaison to the MSPSC. The student given this award must demonstrate enthusiasm for community service and giving back. This scholarship will be awarded to an applicant who has best exhibited a high level of volunteerism throughout their time at Maine South.
