

JARABE #7

DESIGN PROPOSAL BY PAMELA MAURER FOR JARABE INC.

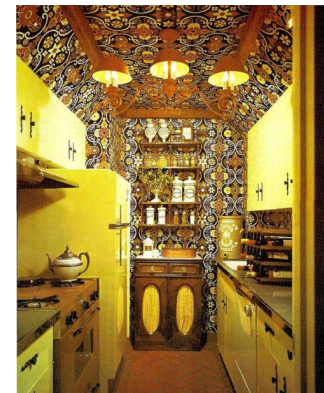

JARABE #7 is a cool place to be. Serving fresh takes on nostalgic, street-food classics. Located in the bustling Little Italy neighborhood, it features a step down patio perfect for al fresco dining, and a large, open dining room.

Inspired by Mexico City culture, food, and fashion of the late 1970s and 80s, this space will offer a detail driven environment and YUMMY cuisine. The day to night atmosphere of a classic taqueria layered in handcrafted detail, and built with unconventional materials, welcomes customers to a surprisingly playful dining room full of art, humor, and originality. The space is curated around the memories of the owners, the Vejar brothers, growing up in both Mexico and Chicago, and will celebrate their personal histories as well as their regional influences.
