

## LumaEdge™ Smart Outdoor LED Lights (LE-RGBIC-15M-24V-30LED)

LumaEdge™ RGBIC Smart Outdoor Lights are a premium permanent outdoor lighting solution designed to elevate any home with vibrant, customizable color and effortless control. Engineered with advanced RGBIC technology, each light segment can display multiple colors simultaneously, creating dynamic, eye-catching effects for holidays, events, or everyday ambiance. The low-voltage 24V system ensures energy efficiency and long-term reliability, while durable, weather-resistant construction is built to withstand year-round outdoor conditions. Easily controlled via Bluetooth, LumaEdge™ allows users to personalize lighting scenes, adjust brightness, and schedule displays with precision—delivering a seamless blend of style, performance, and smart convenience for modern exterior lighting.
