Working to Improve in 2022

Cleveland, Ohio, January 5, 2022, 10:30 am ET – There was an overwhelmingly positive response to the success of the inaugural <u>Tri CLE Rock Roll Run</u> in 2021. Race Management is committed to making 2022 even better and is working towards making improvements based on participant feedback. These improvements align with the Race's mission of providing a safe, friendly, and energetic race experience and community for participants at all levels.

The 2022 multisport event is scheduled for Saturday, August 20, 2022. Keeping with last year's triathlon (swim-bike-run) format, races will feature three distances, Super-Sprint, Sprint and Olympic. In maintaining the race vision of helping new athletes into the multisport lifestyle, we have added a duathlon (run-bike-run) for non-swimmers, at the Sprint and Olympic distances. All distances also offer an aquabike and team relay option and will begin at North Coast Harbor with either a swim or run, followed by a bike on the Memorial Shoreway, and finishing with a run through Edgewater Park.

The team is working on additional improvements and details will be announced when finalized. Some of these improvements are:

- The addition of Sponsors invested in creating a healthy, safe experience and community for all skill levels
- Changes to the swim and run course for added safety and improved experience
- Additional entertainment pre-race and along the run course.
- An expanded finish line experience

There has already been an overwhelming response from the community with over 100 people registered within our two-day sale this past November.
