NU COLLAR SOLUTIONS

4 November 2024

CEO - CURTIS E. HALL II

Greetings Nu Collar Community

As we step into November, we at Nu Collar Solutions are excited to share our current offerings, celebrate community champions, and provide you with jewels of wisdom and inspiration to support your journey.

We continue to empower young men of color, ages 12-19, through transformative coaching programs that focus on leadership, emotional intelligence, and resilience. Our services are designed to cultivate powerful, self-aware leaders who can navigate life's challenges with confidence.

We are accepting new clients. Feel free to scan the QR Code and send a message to inquire about coaching packages.

This month we are proud to feature Kerwyn Phillip, an innovator making huge strides in the entrepreneurial & financial literacy spaces.

Also, we are sharing a new product offering from the amazing Ms. Jenice Lee owner of School After Hours Consulting, LLC.

We believe wise words can uplift & guide us. In the "Jewels For Your Crown" section you'll find quotes, reflections & practical insights that empower you to thrive. In the last section we announce upcoming events highlighting community engagement opportunities throughout central VA that are open to the public. We hope you find this newsletter enriching & feel encouraged to share it with others who may benefit from our work. Let's continue to uplift, connect & grow together!

Curtis E. Hall II
