## YOUR AI ROADMAP

Curiosity is an edge. In this half-day workshop, you will apply Jeff's Curiosity-as-an-Operating-System framework to diagnose your organization's AI readiness, then use the Curiosity Canvas to surface quick-win opportunities, risk blind-spots, and talent gaps. Leave with a plan you can launch the next day.

-  **ACTION PLAN**  
90-day pilot to launch immediately.
-  **SAFETY GUARDRAILS**  
Risks, data privacy, blind spots explored.
-  **USE CASE INSPIRATION**  
Learn from case studies and peers.

## BY INVITE ONLY

Join a small group of peers for a high-impact, invitation-only Executive Workshop. 12 seats available. Enjoy coffee, pastries, and lunch on us. No cost. No strings. This is a sneak-preview of upcoming CEO workshops – an opportunity to test new content with a sharp, engaged audience.
