

# Theory of Change

## Vision

We are a community united and committed to making early childhood a top priority.

## Mission

To build a better system of care and education for early childhood so EVERY child has a strong start and a bright future

## Pillars

### Healthy Beginnings

- Pre-natal healthcare and women’s wellness care
- Maternal, family, and infant post-partum care and support
- Access to childhood healthcare
- Early screening & resolution of health and developmental issues
- Integrated services and navigation

### High-quality Care & Education

- Standard working definition of Kindergarten Ready
- Sufficient funding that drives affordability and quality
- Access to quality ECE seats for all
- Early learning workforce (support, standards, pay, development)
- Screening & intervention for special needs

### Supported Families

- Broad awareness of ECE importance & developmental milestones
- Trauma-informed and resiliency programs and services
- Centralized neighborhood access to family services and support
- Business engagement and family-friendly policies and practices
