

K-Ready Advocates!

We need your help. The Children's Movement of Florida has created a survey in [English](#) and [Spanish](#) for Florida parents of young children to share their child care experience and challenges they've faced finding high-quality care. They will share the results with state leaders as they decide how federal stimulus dollars for child care should be spent.

The survey takes 5-10 minutes and is intended for caregivers with children who have not yet entered kindergarten. Everyone completing the survey gets a chance to win a \$50 Publix gift card!

Please help us spread the word!

1. If you are a parent or caregiver of a young child (not yet in kindergarten), please take 5-10 minutes to fill out our survey in [English](#) and [Spanish](#).
2. If you know someone with young children in Florida, please share this with them in [English](#) and [Spanish](#).
3. If you work directly with families, please share this survey in [English](#) and [Spanish](#) with your networks to extend our statewide reach.

Together, we can influence state decision makers so they keep parent needs and perspectives top of mind.

On April 28, 2021, the Biden Administration shared their American Families Plan, proposed legislation that would provide funding for education and family support. The proposal has a number of supports for early care and education, young children, and families:

- \$200 Billion Investment in Early Care and Education, including universal preschool for all 3- and 4-year olds and competitive wages for teachers and staff;
- Additional Support for Families, including paid family leave and nutritional supports; and
- Tax cuts for American families.
