What is an Accountable Health Network?

It's the doctors, facilities and practitioners we've contracted with to provide care to our members at a discounted price. The Accountable Health Networks (AHNs) include providers and facilities in Pierce and King counties. AHNs give you a healthy edge. We've joined with your plan's exclusive network to make sure you receive highly coordinated care. This makes for better service and healthier outcomes.

What happens if you choose an out-of-network provider?

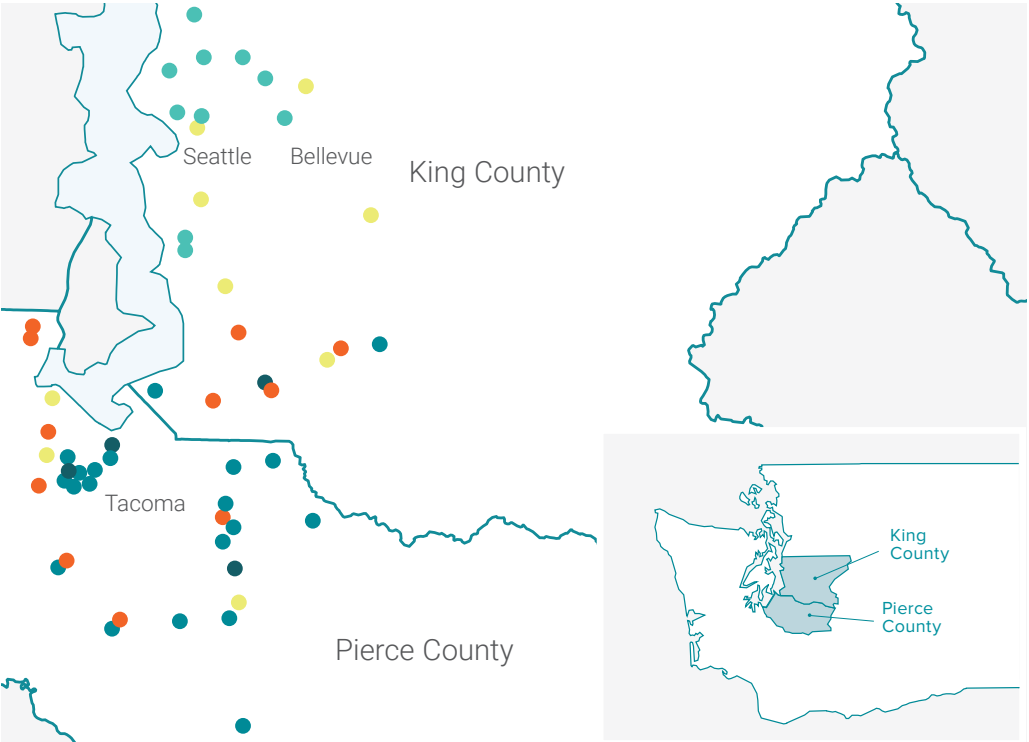

All of our medical plans are Exclusive Provider Organization (EPO) plans, which offer no coverage outside the network (excluding emergency care). To avoid surprise bills, you must be very careful to always see an in-network provider. Find in-network providers at [bridgespanhealth.com](https://bridgespanhealth.com) or call Customer Service at 1 (800) 750-0846.

What if you're traveling outside your network service area?

Emergency facilities and ambulances are covered at the in-network cost-share.

You also have in-network access to telehealth 24/7/365 through Doctor On Demand.
