

ALAMANCE ACADEMY DAY

2026 TUTORING & SUPPLEMENTAL ACADEMIC SUPPORT INFORMATION

We believe that high-quality academic support should be both effective and accessible. As a result, we offer a range of structured options designed to meet the needs of our students and families while maintaining the integrity of our instructional model.

Before/After school Tutoring (By Appointment)

Before and after school tutoring sessions are available on regular school days for students who need additional academic support beyond the school day. These sessions are tailored to meet individual learning needs and may be scheduled as one-on-one or small group instruction. Our tutoring focuses on:

- Strengthening reading comprehension and fluency
- Building mathematical understanding and problem-solving skills

Non-School Day Academic Support

On select non-school days (listed below) we offer extended academic support sessions designed for students who would benefit from additional instructional time. These sessions provide a balance of structured learning and guided practice, allowing students to deepen their understanding and make meaningful progress. Half-day and full-day options are available, providing families with flexible solutions that combine academic growth with a structured, supportive environment.

Academic Enrichment Weeks

Our Academic Enrichment Weeks are optional school weeks where we provide intensive, skill-building sessions designed to accelerate student growth in reading and mathematics. During these focused weeks, students participate in 4 hours of targeted daily instruction, including:

- 2 hours dedicated to reading
- 2 hours dedicated to mathematics

Program Rates & Options

Our Tutoring & Supplemental Academic Support services are designed to provide high-quality, structured instruction that strengthens foundational skills in reading and mathematics. All services are delivered in a focused, supportive environment and led by qualified instructional staff.

Before/After school Tutoring (By Appointment)

Individual Tutoring (1:1): **\$50 per hour**

Small Group Tutoring (2–5 students): **\$40 per hour, per student**

Non-School Day Academic Support

Half-Day Session (8:30-11:30am or 12:00-3:00pm): **\$100 per student**

Full-Day Session (6 hours with breaks and lunch): **\$200 per student**

Bi-Monthly Academic Enrichment Weeks

Weekly Program Structure: 4 hours intensive instruction per day: 2 hours reading and 2 hours math with enrichment activities, breaks, and lunch: **\$500 per student**

Payment & Funding Options

We are committed to making high-quality academic support accessible to families. We accept:

- Direct family payments (check, ACH, or online payment options)
- Approved third-party funding sources including ESA+ (Education Savings Account)

Families utilizing third party funding should contact us for guidance on approved usage and documentation.

Important Notes

- All services are offered by appointment and based on availability
- A minimum session commitment may be required for certain services
- Enrollment in enrichment weeks is limited to maintain small group instruction
