Kichoff program summary DAY2 :Shaping Ideas

We brushed up on ideas through Day2 program.
We use PPCO Workshop for reviewing each ideas with a different perspective.

Idea design sheet

Pluses: What are (at least) three things you like about the idea?
Potentials: What are (at least) three good things that might result if the idea were implemented?

Concerns: What are some concerns you have about the idea (phrased as a question starting with "How to…" or "How might…")

Options or **Overcome** the concerns: What are some ideas you have for how to fix the concerns you just noted?
