

2021 Chief Joe Mathias BC Aboriginal Scholarship Awards

The Chief Joe Mathias BC Aboriginal Scholarship Fund was established to honour the memory of the late Chief Joe Mathias, a hereditary and elected Chief of the Squamish Nation. Chief Mathias is remembered for his vision and his leadership for the rights of aboriginal people in British Columbia and across the country. Central to that vision was his passionate belief in and advocacy for higher education for aboriginal young people. This Scholarship Fund is dedicated to helping realize Joe's dream of providing post-secondary opportunities for energetic, dedicated and aspiring young British Columbia First Nation students, opportunities to enable them to realize their dreams of becoming leaders of tomorrow in the career of their choosing. There is no more appropriate tribute to the work of Chief Mathias than to witness the success of the young aboriginal graduates and scholarship recipients presented here. First Nation doctors, businessmen and women, scientists, social workers, engineers, nurses, computer programmers, lawyers, and teachers...these are the leaders of the future who will continue his legacy and ensure a bright and prosperous future for First Nations citizens and their communities. The Chief Joe Mathias Scholarship has provided over 400 scholarships to over 300 students from over 100 First Nations in BC since its inception in 2002.

Fraser Fibreglass Ltd.

Fraser Fibreglass Ltd. was established in 1980 by owners, Amanda & Philip O'Donoghue.

In addition to our specialties of colour matching, yacht painting and solving fibreglass related problems, Fraser Fibreglass provides shipwrighting, woodwork, repair, design and alteration services.

We take pride in the quality of our work and our track record of servicing the yachts of discriminating owners and skippers throughout the Vancouver and Lower Mainland areas.

We regularly carry out repairs to yachts damaged by collision, grounding, and other accidents. Whether your vessel is insured or not, we are always pleased to give you an estimate for repair, including a detailed list of what we would do to get your yacht back in the water.

Located on the southwest coast of British Columbia in Canada, the Port of Vancouver extends from Roberts Bank and the Fraser River up to and including Burrard Inlet. The port is Canada's largest, supporting trade with more than 170 economies around the world.

As we grow, so does our ability to support our neighbouring communities. Through our dynamic and broad-ranging community investment program, we dedicate up to one per cent of our net income to initiatives that matter to local communities. Our investments support three key pillars: community enrichment, education and training and environmental leadership.

RATCLIFF & COMPANY ^{LLP}

WITSET First Nation

Originally named 'Kyah Wiget ('Old Village'), Witset is a Witsuwit'en village in the heart of northwest British Columbia, located on the side of the Wetzin Kwah (also known as the Bulkley River). The current village was built during the early 1900s but served as the Witsuwit'en fishing grounds for thousands of years.

Witset (previously known as Moricetown) is home to approximately 661 on-reserve members, 1129 off-reserve members with a total population of 1790 people and is located 30 km west of Smithers and 32 km east of Hazelton, BC. As a federally recognized Indian band, we offer programs and services to meet the specific needs of each community member. The programs that are currently in place accommodate our mandate and mission, "Serving our community with pride, providing services and programs to enhance the development of our nation."

We invite you to come by our dealership, conveniently located on Lougheed Highway, adjacent to Holdom SkyTrain Station. Once you arrive, our friendly and knowledgeable staff will be happy to show you why customers in the Burnaby area love buying from Coastal Ford. We offer an impressive selection of new Ford products and pre-owned vehicles of various makes. Chances are, if you're looking for a new vehicle, we have something that will put a smile on your face.

At KWL we challenge ourselves to create water, community, and energy infrastructure solutions in balance with nature that make the world a safer, better place for our children. We are striving to be climate leaders both corporately and professionally in our work.

We don't just make communities better through our work. We also donate our time and money to projects like local tree planting, fundraising for global catastrophes, and employee sabbaticals to allow them to work in areas of the world in need.

We are also proud to contribute and give back to our professional practice communities. We support our staff who volunteer their time with associations like the BC Water and Waste Association, the BC Groundwater Association, the Planning Institute of BC, and the Association of Consulting Engineering Companies. Our teams are also led by some of our industry's most respected individuals, who are active in making our areas of practice stronger and smarter all the time.

Arbutus
LAW GROUP LLP
Commitment | Expertise | Respect

We chose the arbutus tree for our name and logo because trees represent stability and growth. The arbutus tree is known as the Tree of Knowledge and is associated with integrity, strength, depth, and safety. The arbutus tree is highly adaptable and creative – the amazing shapes of the branches on the trees come from its ability to twist and turn itself in order to find the sunlight. The symbolism in our name reminds us of the integrity, strength and creativity that we aim to draw on in our Aboriginal law practice.

HLYNKY + DAVIS ARCHITECTS INC. is a deliberately small boutique firm that provides a high level of client service. We have evolved from B. Gordon Hlynsky Architects, a practice which originated in 1986 to become a partnership in 2015. The firm principals follow the project through from schematic design to post-occupancy completion. Our approach is based foremost on listening to the needs of the client and the input of the consultants. We execute a detailed analysis of the challenges with our consultants, propose solutions and evaluate the cost and benefits in order to recommend a strategy. We strive to present solutions that are timeless while allowing flexibility to support future change and expansion.
