

# Rainmaker Bushfire Sprinkler Heads

We use four different types of sprinkler heads to protect your home during a bushfire event. We utilise these heads for both our hosed and hard piped systems.

## **Double Arm Head**

has an effective diameter of 10 metres using 5LPM @ 100KPa up to 7 LPM @300KPa

## **15mm Single Port Part Circle Impact Head**

has an effective diameter of 15 metres using 7LPM @ 100PKa up to 10 LPM @ 300KPa

## **15mm Single Port Full Circle Impact Head**

has an effective diameter of 20 metres using 4LPM @150KPa up to 5 LPM @ 300KPa

## **20mm Dual Port Impact Head**

has an effective diameter of 30 metres using 17LPM@ 200KPA up to 20 LPM @ 300KPa
