## Sponsor Logo Display Boards

Your logo is visible in high-resolution and full color, size proportionate to your sponsorship level. Anyone at the event or location cannot miss seeing the sponsorship boards. The photos of most fish at the tournament are taken with the back of the stage in photos, especially the BIG FISH! These photos, and videos, are in newspapers, magazines, television, and social media. Every sponsor gets exposure at the St. Pete Open.

## Sponsor Literature in Shooter Buckets

Printed Sponsor Directory is included in each competitor's complimentary bucket. Sponsors may place printed materials, or small promotional items in the shooter's buckets. Examples from past years are keychains, koozies, dry-boxes, lanyards, sunscreen, etc. These buckets are given to each shooter at the Captain's Meeting and contain all required information for the tournament. This is a great avenue for advertising, because shooters read what is inside their buckets.
