UNITED SOVEREIGN AMERICANS

Orange County, CA: 2024 Election Fraud Report

This study exposes a national security disaster in the Orange County 2024 election, in which six US House seats were voted on. JoeHoft.com, United Sovereign Americans (USA), and Patriot Force CA collaborated in the study using the USA copywritten process for doing deep analysis of legally valid voter records.
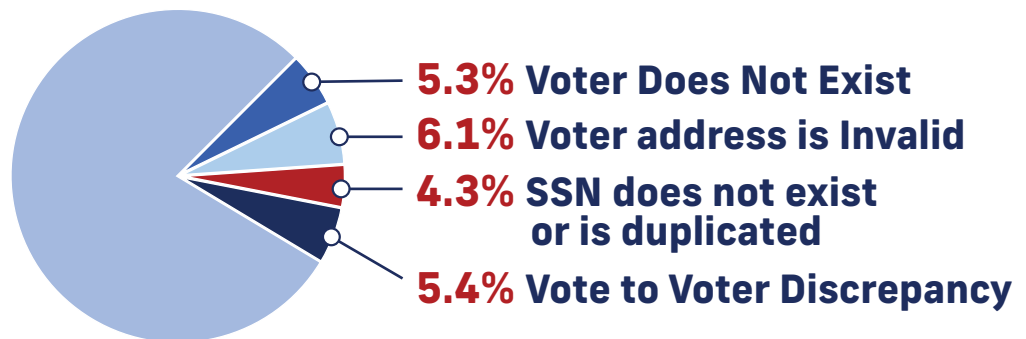

A sample of 609 voter records from a population of 1.4 million voters in the 2024 election was generated based on a 90% confidence interval, a precision of 0.02 and a predicted prevalence of P = 0.1.

When extrapolating the sample results to the population of vote records in the 2024 Election, the following was exposed:

Total Votes	Voter does NOT Exist	Voter address is invalid	SSN does not exist or is duplicated	Vote to Voter Discrepancy
1,417,397	74,470	86,093	60,523	76,584

TOTAL IMPROPER VOTES: **297,670**

PERCENTAGE OF VOTES THAT WERE INADMISSABLE: **21%**

21.1% of Voters are Unverifiable

- 5.3% Voter Does Not Exist
- 6.1% Voter address is Invalid
- 4.3% SSN does not exist or is duplicated
- 5.4% Vote to Voter Discrepancy

In total, 297,670 votes were illegally counted without verification. This is 21% of the vote, or just over one in five ballots counted. Six US House seats are now caught in a massive election scandal involving Orange County and California State officials who clearly certified fraudulent election results.

Credentialed CPAs, programmers, and cybersecurity and election experts conducted the analysis using official state and county records received from their custodians. A private investigative firm assisted, producing law enforcement compliant evidence of massive election misconduct.
