RODEO OFFICIAL'S HANDBOOK

- **Rodeo Receivables Report** – The Receivables Report is produced in alphabetical order (last name, first name) as a result of the Call-in entries. The report is used by the Rodeo Secretary to document ALL of the financials collected per rodeo (Memberships, Permits, paid Fines, Late-Entries, Exhibition Runs), therefore ONLY ONE copy of the Receivables Report shall be used per rodeo. Upon receipt by the CRA office, the Association Secretary will use the completed Receivables Report to update the CRA database.

- **Disputed Fines:** Fines are maintained within the database used by the CRA. Fines are recorded and/or posted when the receivables are posted within the database by the CRA Association Secretary following each rodeo. The Fines Report is posted on the CRA website following each rodeo weekend which makes it readily available/accessible to all.
 1. If a contestant disputes a fine, the fine is to be collected because the contestant is still responsible for paying the fine BEFORE competing.
 2. The disputed fine shall be communicated to the CRA office when the rodeo documents are submitted. If the CRA office determines the fine is a mistake, the fine will be reimbursed to the contestant.
 3. NOTE: Under no circumstances shall a contestant and/or a member of their party be allowed to become unruly and/or disrespectful with the Rodeo Secretary or any other rodeo official. Should this scenario occur, the Rodeo Secretary should call for a Judge and/or CRA Board Member to intervene. The Judge and/or CRA Board Member may impose an additional fine for unacceptable behavior, if warranted.

CAJUN RODEO ASSOCIATION

RODEO OFFICIAL'S HANDBOOK

- If a contestant entered in two (2) or more events, turns out in one (1) event and pays the entry fee, he is eligible to compete on stock in all other events.
- If a contestant refuses to pay entry fee for turned out stock, then he shall be disqualified in all other events of that rodeo.
- All fines must be paid before contesting in another CRA rodeo, therefore fines (any & all) from Friday night must be paid in full before a contestant may compete on Saturday.
- ***Visible Injuries:** Rodeo judges may excuse a contestant and may instruct a rodeo secretary to draw them out of a performance should, in the judge's opinion, the contestant have a visible injury sufficient to warrant this action. Judges and secretaries must submit this information in writing with the rodeo results. Contestant must see judge prior to drawing of stock. Photos will not be accepted. 'DO-VI' must be noted on each line item for the contestant on each of the Judges/Timekeepers Sheets. The Receivables Report should be noted as 'DO-VISIBLE INJURY'.
- There will be **no vet release** allowed for drawing out of any rodeo event.

- **Late Entries:** If the contestant does not call in to enter during the designated Call-in time but decides to enter afterwards and is allowed to enter after Call-in because
 1. the performance is not full and
 2. there is enough stock available to accommodate the late entry (typically the rough stock/Steer Wrestling events),

the contestant will have to pay a \$ 25.00 late fee per rodeo night in addition to their entry fees, Permit, and/or fines, as applicable.

There is a rule re: late entries being allowed IF the performance is not full. "Full" is defined by the number of entries per event that are set to run in the Perf/show.

General Rules, #27, pg 12

Each event must have at least four (4) entries per rodeo. Stock Contractor has the right to cancel an event with less than four (4) entries. If the event is cancelled, the Call-in Secretary will notify the contestants and Event Director which night or nights the event has been cancelled. Any contestant entered in the cancelled event that called in on the designated Monday night call in will be given credit for that rodeo. This decision will be left to Stock Contractor's discretion, if Stock Contractor chooses to leave the event open; contestants may enter after call-in deadline with a TWENTY-FIVE AND NO/100 (\$ 25.00) DOLLARS late entry fee.

Stock Contractor's Requirements, pg 9

5. A minimum of ten (10) head of stock is recommended in each standard event. More head of stock may be required depending on the number of contestants.
6. No rough stock may be bucked more than twice (2), and no timed event cattle ran more than five (5) times in a performance.

For example: if there are only 3 entries in the RSBP at the end of Call-in, the Stock Contractor has not cancelled the event and someone wants to enter, they may be allowed provided there is adequate stock but the decision must be made to allow the entry PRIOR to the initial drawing of stock. To further clarify,

- Late entries may only enter events that run only in the Performance
- Late entries are NOT allowed in any event for which there is Slack

If the late entry is allowed, follow the directions below:

CAJUN RODEO ASSOCIATION

RODEO OFFICIAL'S HANDBOOK

- Check the current **Membership Report** to know if a Permit Fee will apply except in the case where the contestant choses to purchase a membership.
- Check the **Fines Report** on the CRA website, cajunrodeo.com, to verify whether or not the contestant has any outstanding Fines. (Fines must be paid in full before a contestant may compete.)
- Late entries are to be recorded on the last page of the Receivables Report in the same format as pictured above. Note each of the events the contestant has entered with the respective entry fee per event, and if a Permit fee or any Fines apply. In addition to the entry fee(s), permit fee, and/or fines, if applicable, there will be a **\$ 25.00 late fee** per rodeo night.

- Late entries will also have to be added to the bottom of the
 1. Permits Report, if applicable
 2. Each of the Judges and Timekeeper sheets (including the Arena Director's copy)
 3. Day (Draw) Sheet
 4. Announcer's Report

Do NOT overwrite an existing entry who may be a Notified Turn Out (see example below).

10. ZACK WRIGHT Jansen Gaspard	—22					ns
11. AUSTIN SLATER	112					ns

Each entry is its own record and must be accounted for within the rodeo database.

- Record any turnouts on the Receivables Report either as
 - **TO** (or NN/TO = Unpaid, Non-notified Turn-Out; entered but did not show up or pay entry fees)
 - **NTO** (or N/TO = Notified Turn-Out; notified before the 1st round of stock is drawn before the start of the rodeo)
 - **PTO** (Paid Turn-Out; entered, paid, but did not compete)
 - **VI** (or DOVIR = Draw Out *Visible Injury Release; entered, showed up with a visible injury sufficient enough to be excused (drawn out) by a Judge before stock is drawn)

CAJUN RODEO ASSOCIATION

RODEO OFFICIAL'S HANDBOOK

- **Permits Report (Waiver)** – The database recognizes each contestant entered as a Permit if they are not a current-year Member. Contestants who are not CRA members have not signed the waiver on the current year’s Membership Application and therefore must sign the waiver for each night’s rodeo in which they are entered.

The contestant’s Permit Report is designed to make verifying the number of Permits sold at each rodeo less complicated for all.

EACH OF THE UNDERSIGNED expressly acknowledges and agrees that the activities of the event are very dangerous and involve the risk of serious injury and/or death ; property damage. EACH OF THE UNDERSIGNED further expressly agrees that the foregoing release, waiver, and indemnity agreement is intended to be as broad and in as is permitted by the law of the Province or State in which the event is conducted and that if any portion thereof is held invalid, it is agreed that the balance shall, notwithstanding, continue in full legal force and effect.

CONTESTANT NAME - PRINT	EMAIL, MAILING ADDRESS, or PHONE#	CITY, STATE	**SIGNATURE**
<u>JENNA ALBARADO</u>			
<u>ZOIE BOUDREAUX</u>			
<u>JB BUSHNELL</u>			

- The contestant needs to locate their name on the Permits/Waiver report and fill out their line item providing a means by which we may contact them should a need arise, then sign their name. NOTE: Parents / legal guardians must sign for minors.
- If a Membership Card is purchased at rodeo, note CARD (& the type of card i.e., "Adult / HS / Contract Act Card") next to contestant's name on Permits Report.
- Record any turnouts on the Permits Report either as
 - **TO** (or NN/TO = Unpaid, Non-notified Turn-Out; entered but did not show up or pay entry fees)
 - **NTO** (or N/TO = Notified Turn-Out; notified before the 1st round of stock is drawn before the start of the rodeo)
 - **PTO** (Paid Turn-Out; entered, paid, but did not compete)
 - **VI** (or DOVIR = Draw Out *Visible Injury Release; entered, showed up with a visible injury sufficient enough to be excused (drawn out) by a Judge before stock is drawn)

Use a **blank CRA Permit/Waiver Form** so not to confuse your paid contestants Permit Report for the CRA sanctioned events for:

- Mount Outs - anyone mounting out must sign a Waiver beforehand. NOTE: Contestants who have entered the rodeo but have not paid their entry fees are considered a Turn-Out and may NOT mount out.
- The blank Permit/Waiver form is to be used for any other fun events, i.e. Mutton Bustin, Mini Bulls, Steer Riding, Buddy Barrel Pickup, etc. – use one form per event.
- Each night is its own rodeo so the Permit form for Mount Outs and each fun event must be signed each night.

- The Secretary shall highlight each paid contestant per event so it is visible at-a-glance who has paid and who has not for multiple reasons.

- ALL entry fees and fines MUST be paid in full BEFORE the contestant competes.
 - Any unpaid entry fees need to be communicated to the Arena Director and Timekeepers before the event begins. The Arena Director is responsible for communicating to the Judges and the contestant should they be waiting to compete.
 1. The contestant shall send someone to pay their outstanding entry fees.
 2. If the contestant is allowed to compete without paying and leaves the rodeo grounds afterwards, the unpaid entry fee must be covered by whomever allows the contestant to compete.
 3. Attempting to write an unpaid entry fee off as a Mount Out is unacceptable because:
 - a) Contestants who have entered the rodeo but have not paid their entry fees are considered a Turn-Out and may NOT mount out.
 - b) The paid contestants in the event are cheated due to the decreased payout and possibly a reduced number of placings.

CAJUN RODEO ASSOCIATION

RODEO OFFICIAL'S HANDBOOK

c) The Stock Contractor, CRA Association & Year-End Awards fees are also negatively impacted.

- The Rough Stock workers loading stock need to know of any Notified Turn Outs (NTO) so they do not have to load the stock drawn for the contestant.
- The Timers need to be made aware of and note a PAID Turn Out as "PTO" on their Timer Sheets rather than just "TO" for unpaid turn outs.
- The stock draw may be noted on a copy of the Day Sheet to post for contestants and copies may be given to the back-pen workers so they can load stock.

- **Announcer's Report** - should be given ONLY to the Announcer. Keep the announcer updated on any contestant changes. PLEASE NOTE: **The scores/times announced by the Announcer are NOT official.** Official scores and times are only available AFTER the judge's sheets are received and confirmed by the Secretary.

- **Rodeo Stock Draw Sheet** -

- All stock must be drawn by at least one (1) judge, and take place on the rodeo grounds so that contestants may watch.
- The draw will take place no more than three (3) hours before a performance and no less than one (1).
- Any stock in original draw that is turned out automatically goes into the reride pen if needed. Clarification: turn out stock should be used before any reride draw that has already been bucked.
- Stock shall be drawn by the pen - one run and one go-round at a time.
- All runs on stock at a rodeo shall be kept even.

- **JUDGED EVENTS (Ranch Style Bronc Riding, Bull Riding)**

The Polaris console is set to Bull Riding.

Timing automatically starts from zero when the timekeeper presses the START button. When the horn time is reached (eight seconds, for example), the horn automatically sounds and the timer stops. If you are not able to connect to a sound system for sounding the horn or other tones, the Polaris [external horn](#) can be connected to your timer instead. The horn is very loud and requires no additional amplification.

- Rough Stock scores are to be recorded as relayed by Judge 1 but **these scores are unofficial - the Judge's sheets hold the official scores. Announced scores are NOT the official score.**

- **TIMED EVENTS (Calf Roping, Steer Wrestling/Chute Dogging Breakaway Roping, & Team Roping)**

The Polaris console is set to Average Time.

Timekeepers 1 & 2 will work from the same position for the duration of an event.

- Both timekeepers are required to use manual stopwatches in hundreds of a second and record in hundreds.
- In addition to manual stopwatches, two hand-held wireless hand-switches must be used in

the timed events.

The wireless hand-switch is used to remotely start and/or stop the timer instead of using the start/stop button on the Polaris console.

- Official time shall be the average of the two times, ignoring any digit beyond the hundred's (no rounding).
- If one of the two timers misses the start or stop or is delayed in starting or stopping the watch, or if the watch used by one timer malfunctions, that timer shall declare the problem to the other timer and only the time recorded by the other timer will be used.

Timed event times are to be entered as

Contestant	Stock	Stop Watch	Time	Penalty	Official Time
1. KATTI BREAUX					
5. TIM BABIN	2566	3.92	3.94		3.93

- **"Stop Watch"** time is the time recorded on the Polaris console for the wireless hand-switch assigned to each timekeeper. This time will be recorded in hundreds (100ths) of a second ignoring any digit beyond hundreds (no rounding).
- **"Time"** is recorded in hundreds (100ths) of a second ignoring any digit beyond hundreds (no rounding) from the Polaris console as the average time will be kept to the hundreds of a second.
- **"Penalty"** will be entered as the total of the penalties assessed – *even if no time is recorded.*

- **"Official Time"** will be the recorded as the total Time + the total Penalties.
- **Disqualified Time** – Record time with official total time if time has been awarded. Then, if contestant is disqualified, mark line through time and zero above it in the same square. In this example, NT was noted to signify "No Time".

- **BARREL RACING**

Stock Contractors are responsible for providing 55-gallon metal drums and digital timers for the barrel racing event. These timers must be in good working order before the start of the rodeo. The timer automatically starts and stops as the rider crosses an electric eye beam in the arena for simple hands-free timing of barrel racing.

Timing automatically starts at zero for each new rider — no manual reset is required, no waiting for timed resets.

- Electric timers are to be backed up by two (2) manual stopwatches in hundreds of a second.
- Timekeepers will work from the same position for the duration of an event.

Barrel Racing times will be recorded as:

Contestant	Backup Time	Time	Penalty	Official Time
1. HARLEY CRAIN				
1. KAITLYN RYDER	16.57	16.563		16.563

“**Backup Time**” will be recorded in hundreds of a second by each Timekeeper from their own manual stopwatch.

“**Time**” is kept to the thousandth of a second as displayed on the Polaris Console.

“**Penalty**” will be entered as the total of the 5-second penalties assessed for each barrel knocked over – *even in the case of No Time*.

3. DALLY MUNN		NT	" 10	—
6. MILLIE BANKSTON	17.46	17.441	" 10	27.441
12. LACEY CHRETIEN	16.75	16.748	' 5	21.748

“**Official Time**” will be the recorded as the Time (from the electric timer) + the total Penalties.

- In the case of time malfunction, official timekeeper will determine official time.
- If the electric timer fails to operate, the contestant will have the option to declare whether she will rerun or take her stopwatch time. The decision must be made before the stopwatch is announced. She will carry all penalties into her rerun.
- All Judges/Timekeeper’s Sheets (including the Arena Director’s) must be signed by the owner of the sheet and remitted to the CRA office.

CAJUN RODEO ASSOCIATION RODEO OFFICIAL'S HANDBOOK

- PAYING OUT**

- Events will NOT be paid out until the Judge's Sheets have been collected and compared against Timekeeper's Sheets to verify scores and/or any penalties that may have been assessed in the field for each event.
- Use the primary Timekeeper's sheet to record and calculate the payout for each event.
- Ties are paid by adding together the award monies per placings then dividing by the number of tied scores/times.
- Contestants or whomever is responsible for collecting a contestant's winnings must sign for the Payout Sheet and count the monies paid in the presence of the Rodeo Secretary.

Event results must be texted or emailed to CRA Promotions Director at completion of rodeo to publish on CRA social media.

At the completion of the Friday night rodeo, the Secretary's job is not yet done....

Friday night's business carries over to Saturday night if it is a 2-rodeo weekend.
