The SALT limitation has been **increased to \$40,000 beginning with the 2025 tax year and increases by 1% annually**. The amount for MFS is half the limit. The SALT limitation reverts back to \$10,000 in 2030. The SALT limitation phases down by 30% of the amount that MAGI exceeds the annual threshold. For 2025, the phasedown range is between \$500,000 and \$600,000. Thresholds for MFS returns are half the regular threshold amount (Reconciliation Act of 2025 §70120). Inflates 1% per year from 2026–2033.

Charitable Deduction for Non-Itemizers

For years after 2025 non-itemizers may claim a charitable contribution deduction of up to \$1,000 (\$2,000 MFJ) for cash contributions made to charitable organizations [other than Section 509(a)(3) supporting organizations or donor-advised funds]. The deduction is available beginning with the 2026 taxable year [Reconciliation Act of 2025 §70424; IRC § 170(p)]. In addition, the 60% cash contribution limit has been extended. For itemizers, the charitable contribution is deductible only to the extent it exceeds 0.5% of their AGI, computed without regard to any contributions made.
