WHO IS ARKAD?

Arkad Capital is the creation of three local real estate entrepreneurs and their constant pursuit of higher real estate investing performance. With combined Main St. and Wall St. Knowledge, Arkad Capital brings great value to its borrowers by offering highly competitive terms, industry knowledge, and outside of the box lending.

Our parent company **Arkad Group**, began as a residential fix & flip powerhouse that evolved into a multifaceted and **vertically integrated** corporation with positions in rental portfolios, commercial property, new construction development and residential subdivisions. Arkad Capital is the most recent addition to our group of companies.

This is exactly what makes us unique to our industry.

We understand your needs at a much higher level than any other "lender". We've been in your shoes. So don't think of us as just another lender. We're far more than that..

WE IMPROVE NEIGHBORHOODS

ONE PROPERTY AT A TIME

WHAT MAKES US UNIQUE?

WE WANTED TO DISRUPT THE HM LENDING INDUSTRY

Before we were lenders, we were borrowers..

As our rehabbing business grew, we realized that there was always something missing. Some things didn't make sense. So, we set out to create something that would feel great. A company that focuses on bringing rates & terms that would **simply disrupt an outdated & at times, overpriced industry [Hard Money].**

When we launched, we focused on lowering rates & fees, while increasing customer service and practical communication. We advise, guide and lend to our clients.

We are NOT your average private lender

Low Fees/Rates

We're setting the standard for affordable rates and superb customer service! As developers & lenders ourselves, we understand your needs and how important it is for money to stay in YOUR pocket. **Our rates are as low as 7.95%.**

Fast Decisions

Our streamlined cloud based systems help us provide borrowers with fast quoting for quick decision making. We control our capital, thus the decision making begins and ends with us. We are able to provide you with a term sheet within the same day.

PERKS

We can take care of your payments so you can focus on what's important, your projects! This also allows you to take on more projects! We can cover monthly payments, closing costs, and even down payments on your next project.

Construction Support

At Arkad, we are here to support investors of all sizes. Our support begins very early in the process. From reviewing your budget (sow) to putting you in contact with multiple sources for construction material and contractors with specific trades.

Dedicated Account Rep

We are always a phone call or email away. every borrower has a dedicated account representative who is knowledgeable and always ready to talk deals and terms. For any question you may have on anything, we have someone there for you.

"I RECOMMEND ARKAD WHENEVER THE OPPORTUNITY ARISES"

Great thanks goes to Arkad! Their ability to close deals quickly, fund projects that others will not and over all GREAT service has allowed for me to flip several homes this year. They are truly part of my "team" and are a tremendous asset to my business. I recommend Arkad whenever the opportunity arises, with the information and knowledge passed down through their training absolutely anyone can succeed.

Gercino Soares | Arkad Borrower
"Arkad stands at the top"

"I've worked with many banks and financial institutions before and I say that Arkad stands at the top. They have been great so far and we look forward to doing more deals together."

Sergio Guzman | Arkad Borrower
"Super direct and no hidden fees"

"Arkad Capital has been my go to lenders for hard money, cash out refis, and commercial loans. From the beginning, I felt it off with Mario Camino and Daniel Rivera because I immediately learned that these guys understood my business and knew exactly where I was coming from. If it couldn't be done, they were clear and transparent with me and told me flat out that it couldn't be done. This is not to say that they didn't attempt to exhaust every possible outlet and scenario to try to make the deal happen. When we were able to make a deal happen, however, Arkad Capital made sure to provide me with the most competitive rates available. I was impressed by how fast they work, super direct and no hidden fees. The team and staff are very responsive and knowledgeable. Their process is easy and the user-friendly tools just make everything flow smoothly. I highly recommend their services and will continue to use them for my business."

Carlos Evangelista | Arkad Borrower
