 - University of New Hampshire
- Certifications/Licenses
 - Professional Engineer (PE)
 - Massachusetts Title 5 Soil Evaluator

New Hire!

We are excited to welcome our newest team member, Megan!

In March, we welcomed Megan McDonough as an Operations Associate. In this role, Megan will support daily operations by handling incoming phone calls, setting up projects, managing invoicing, contributing to process and systems development, and assisting with data tracking.

Megan graduated in 2023 from University of Massachusetts Amherst with a degree in Sociology. She then gained valuable experience as a Billing Specialist with Beacon Hill Solutions. She is looking forward to continue helping us build strong relationships with our clients and advancing company culture.

Welcoming Our First Intern

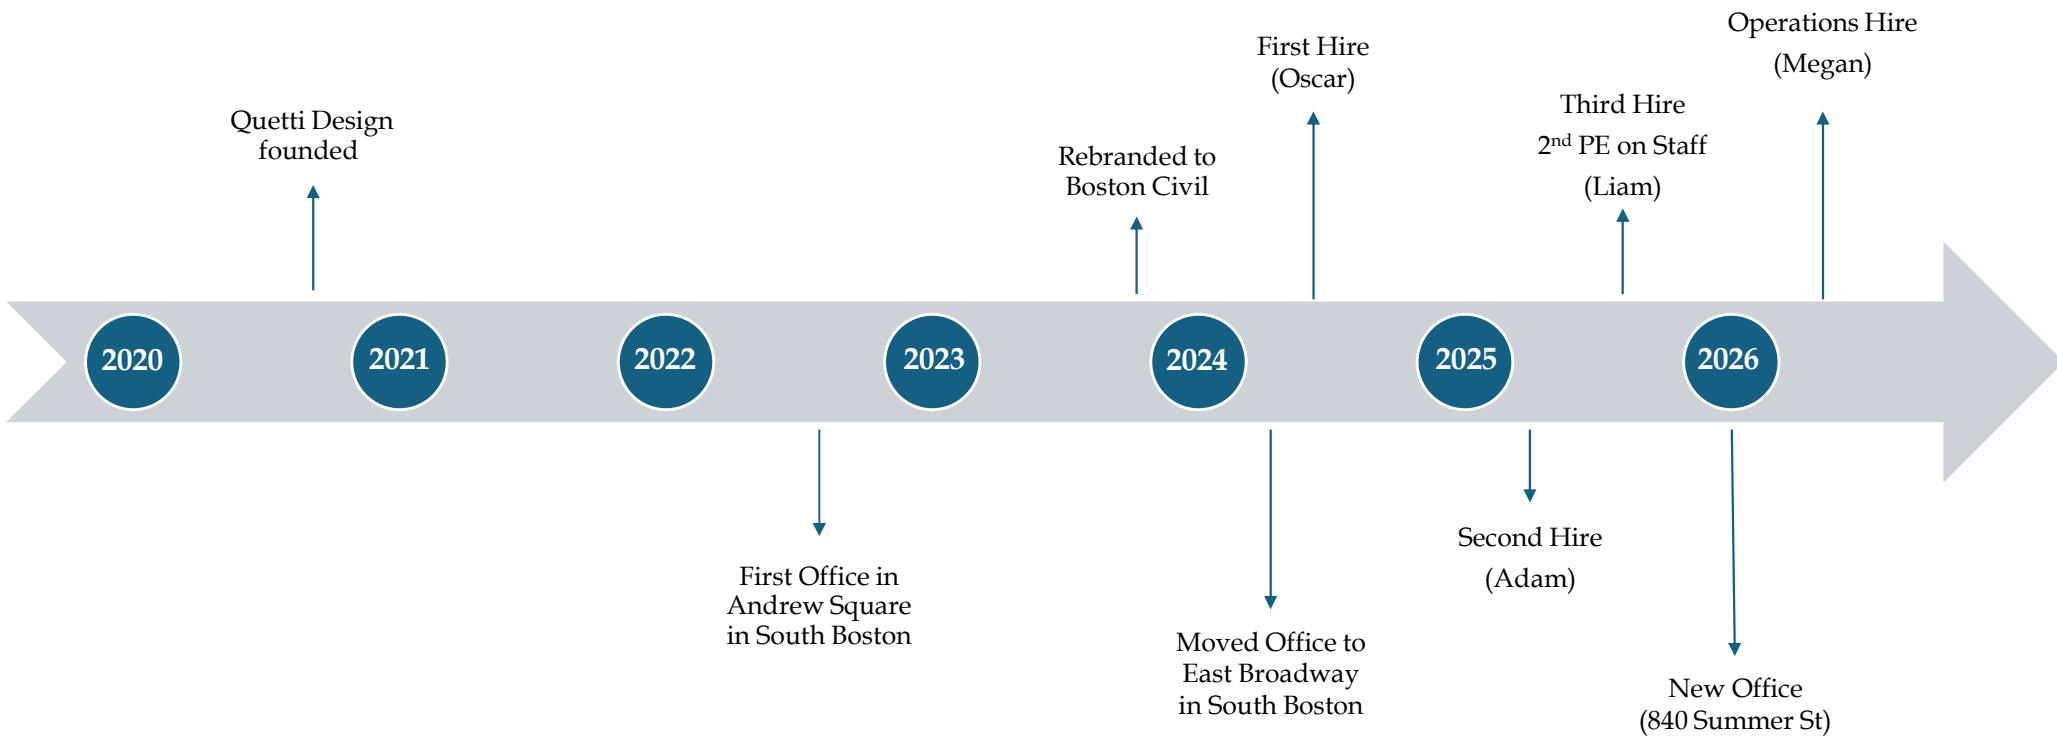

This May, we had the pleasure of welcoming our first intern, Tonye Ojuka, to the team! During his time with us, Tonye gained hands-on experience developing CAD details and supporting active projects. He also developed a deeper understanding of how civil engineering projects progress from design through construction, quickly becoming a valued member of our team.

This fall, Tonye will attend the University of Massachusetts Amherst, where he plans to study Civil Engineering. We are excited to see all that he accomplishes throughout his academic and professional journey.

We greatly appreciated Tonye's enthusiasm, willingness to learn, and positive attitude. Thank you, Tonye, for all your hard work and contributions – we wish you continued success in your future endeavors!

Company Timeline

New Services/Offerings

Boston Public Improvement Commission (PIC) Permitting

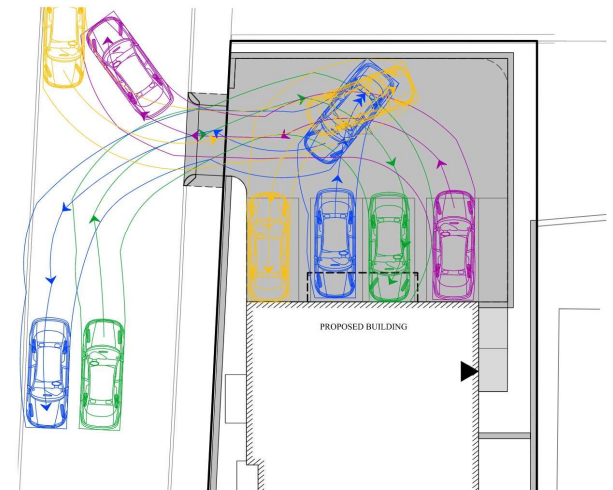

- Our team has collectively permitted many projects through PIC, but we have recently received our first approval in-house at Boston Civil

Vehicle Turning Analysis Sketches

- Provide clients with more confidence on site layout and maneuverability

Construction Management/ Traffic Management Plans

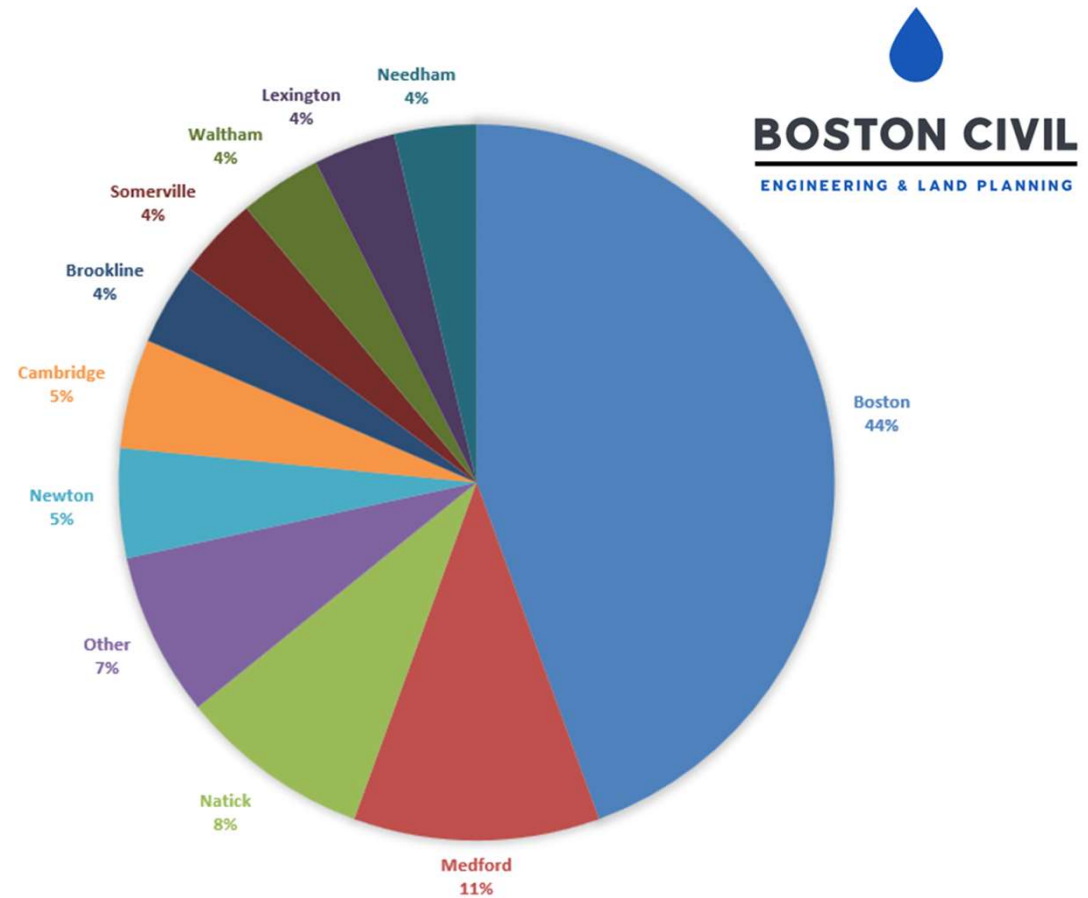

- Supports our clients get projects in the ground
- Requirement for many projects in the City of Boston

Thank you again for trusting us over the years and we look forward to having the opportunity to work with you again!

We intend to send a newsletter every quarter highlighting company updates and projects.

If you'd like us to highlight your project in future newsletters, our website, or social media, please reach out to info@bostoncivil.com or Megan mmcdonough@bostoncivil.com.
