

Step Study Guide

Week No. 11

(may be combined with Week No. 10 if your team desires.)

- ASSIGNMENT** Before the meeting, complete your work. For anyone having difficulty, get with a member of the group during the week for help. It will not be a “perfect” work, but it will be what it is supposed to be at this time.
- AT THE MEETING** Discuss what you have done so far and any problem areas which linger that the group may offer help with.
