Signing in to the facility acknowledges that you agree to our procedures and rules. Please be aware that we have small pieces in the playground and could cause a choking hazard to small children—view us as an outdoor playground with rocks and bugs rather than a gym or inflatable facility. Please sanitize hands when you enter and leave the facility. Adults must wear socks (bring or available for purchase in lobby). Children may play in socks or bare feet. Food and drink must remain in the lobby. We want to keep the place tidy and sanitary for the children! Food and cake will be served.
