NH YOUTH SUCCESS PROJECT

ABOUT US

Who we are: A board of young people who have experienced homelessness in New Hampshire while under the age of 25.

What we do: The YSP makes sure that youth voices and lived experience are a part of decision making by adults about services and supports for young people experiencing homelessness. We've helped write plans for how to end youth homelessness in NH, trained case managers on how to work with young people, pushed for support for students on college campuses, made an artbook, and so much more!!

VISION & MISSION

Vision: A New Hampshire where every young person is stably housed, is empowered to make decisions about their own lives, and is treated with dignity and respect.

Mission: The Youth Success Project works to end youth homelessness by amplifying the voices of young people and working in coalition with frontline service providers.
