“INVITE YOU TO JOIN THEM FOR A DISCOVER SCUBA DIVING ADVENTURE!”

Why Discover Scuba Diving?

The PADI Discover Scuba Diving program lets you experience the thrill of diving under the supervision of a PADI Professional in pool or pool-like conditions. A quick and easy introduction into what it takes to explore the underwater world. Although this is not a scuba certification course, you'll learn steps to be a PADI certified diver. No prior experience with scuba diving is necessary.

What do I need to start?

A completed and signed Discover Scuba Diving brochure (Provided when you arrive at International Scuba Dive Shop)

What will I do?

When you participate in a Discover Scuba Diving program, you discover excitement and adventure. Nothing compares to the "weightless" exhilaration of breathing underwater. You will learn basic guidelines and skills needed to dive under the direct supervision of a PADI Professional.

How long will it take?

You will watch a short PADI Discover Scuba video, complete a short registration form and you'll be ready to enter the pool under the supervision of our Scuba Instructor and Divemasters and ready for your scuba adventure.

What will I need?

- A sense of adventure
- Discover Scuba Diving brochure (Provided when you arrive at International Scuba Dive Shop)
- Snorkel, Mask and Fins. May be purchased at the dive shop. Dive shop will also have required gear available for use.
- Don't forget your Swimsuit and a towel.

Where can I go from here?

As soon as you Discover Scuba Diving, you're on your way to an internationally recognized certification. That's because you may learn skills used in the PADI Open Water Diver course during your Discover Scuba Diving adventure. If you and your instructor elect to practice these skills, they may be credited toward the PADI Scuba Diver or Open Water Diver certifications.
