Featured Speaker: YOU

Make your voice heard about what is important to you and how we can effectively craft and convey messages on key issues.

#1 June 22 *What are your most pressing issues that need to be addressed by those running for office in November?*

#2 July 20 *How do we craft sound bites around the key issues?*

#3 August 17 *How do we get these messages out?*

We have to get our act together and mobilize for the important elections coming up!
