

Whole Leaf Tea Blends from India

February 2025

ABOUT US

Indie Care Co. is a Bangalore based beverage company dealing in the art of tea blends. We work with local businesses across India to serve tea blends, making your way of living more flavorful and worthwhile.

We source our tea from prominent tea producing estates of India- Nilgiri mountains in the south, Darjeeling & Assam from the north east.

Our tea blends have been handcrafted using whole leaves, fruity and herbal elements to make your tea time all the more delightful.

We work as a B2B as well as a B2C brand. We also undertake corporate and bulk orders, for gifting purposes.
