About the Company

Indie Care Co is a Bangalore based beverage brand trading in the art of whole leaf tea blends. Our company sources its tea from three prominent tea growing regions of India- Darjeeling, Assam and the Nilgiris. We specialize in four types of tea variants- Black, Green, White and Blue. With a total of 16 flavors (and adding), we are slowly trying to show people that tea is more than just 'Masala Chai' and can be a beneficial choice of beverage too. Our modern take on tea has helped us creatively curate tea blends that are a mix of floral, spiced and herbal elements that can make your tea time more worthwhile.

About the Business

Currently, we are operating as an online business through E-commerce platforms, Social media platforms and our website that helps us generate and convert leads. We follow a B2B and B2C mode of operation. Hence, we cater to personal, customized, bulk and corporate orders. Our clientele from the past have been from the real estate industry, tech industry and the entertainment industry as well.

Proposal

Corporate events/ occasions are incomplete without a token of appreciation to your teammates, employees, guests or any honorary member that has been a part of your event. This token is a humble way of appreciating their part in the journey and letting them know that you acknowledge their contribution.

We are here to make that 'token of appreciation' stand out keeping in mind that this token is not only useful but artful and beneficial to one as well. We are not just a beverage brand, but a wellness brand that can help make your choice of gifting appear elegant and resourceful too.

Our tea hampers come in different shapes and sizes that can fit in different budget windows allowing you as our client to find what best suits to your liking. We can customize the tea hampers depending on the quantity/ budget of each tea hamper.
